Street Dept. Storage Lot Fence

Bids for fence construction at the Street and Alley storage lot on Highland Road were opened on March 12th, and at their meeting on March 18th, the council awarded a contract to the Belleville Fence Company. The bid, one of six received, was the low bid at \$30,989.00.

Construction began earlier this month. The lot, which will be used for storage of the city's trash dumpsters as well as the street department equipment and various supplies has an electric locking gate. Crews are working on the final touches and the fence should be completed today or Monday.
