BE ADVISED this is a public meeting conducted in accordance with Illinois state law and may be recorded for audio and video content. City reserves the right to broadcast or re-broadcast the content of this meeting at City's sole discretion. City is not responsible for the content, video quality, or audio quality of any City meeting broadcast or re-broadcast.

#### **<u>Directions for Public Monitoring of Highland City Council Meetings:</u>**

In an effort to protect as many individuals as possible, including the leaders of our communities statewide, Governor J.B. Pritzker has issued a number of directives, one of which was to suspend the provisions of the Illinois Open Meetings Act (5 ILCS 120), requiring or relating to in-person attendance by members of a public body. Specifically, (1) the requirement in 5 ILCS 120/2.01 that "members of a public body must be physically present;" and (2) the conditions in 5 ILCS 120/7 limiting when remote participation is permitted, are suspended. Public bodies are encouraged to postpone consideration of public business where possible. When a meeting is necessary, public bodies are encouraged to provide video, audio, and/or telephonic access to their meetings to ensure members of the public may monitor the meeting, and to update their websites and social media feeds to keep the public fully apprised of any modifications to their meeting schedules or the format of their meetings due to COVID-19, as well as their activities relating to COVID-19.

In following this directive, the City of Highland is providing the following phone number for use by citizens to call in just before the start of this meeting:

#### 618-882-5625

Once connected, you will be prompted to enter a conference ID number.

**Conference ID #: 867900** 

This will allow a member of the public to hear the city council meeting.

**Note:** This is for audio monitoring of the meeting, only. Participants will not be able make comments.

Anyone wishing to address the city council on any subject during the Public Forum portion of the meeting may submit their questions/comments in advance via email to <a href="mailto:lhediger@highlandil.gov">lhediger@highlandil.gov</a> or, by using the citizens' portal on the city's website found here: <a href="https://www.highlandil.gov/citizen">https://www.highlandil.gov/citizen</a> request center app/index.php.

Any comments received prior to 3:00 PM on the day of the meeting, will be read into the record.

# CITY OF HIGHLAND SPECIAL EVENT APPLICATION

Authorized under City Ordinance Sec. 64-3-1

**PURPOSE:** The City of Highland supports various community activities and festivals throughout the year. Establishing public safety and coordinating needs between the events and the city are the overall goals of this process. It is the responsibility of the specific event Sponsors to obtain, complete, and follow through the application process for city approval.

SPECIAL EVENT: A "Special Event" is defined as: (1) any event, race, gathering, demonstration, or service; (2) that occurs partially or completely within the jurisdiction of the City of Highland; (3) is expected to draw crowds in excess of one hundred fifty (150) attendees; and (4) is expected to or could disrupt normal daily functions within the City of Highland including but not limited to traffic congestion and excess noise; or could create a public health/safety concern without proper precautions or prior planning. Specific examples would include (but are not limited to): The Kirchenfest, Schweizerfest, 5K runs, parades, Art in the Park, Fourth of July Festivities, Madison County Fair, etc. The City Manager will make the final determination as to whether an event qualifies. This will be based upon the totality of the circumstances presented.

#### PROCEDURE:

- 1. All Requests will be directed to Highland City Hall, to the attention of the Deputy City Clerk.
- 2. Applications will be available at Highland City Hall, Monday-Friday, 8:00 am to 5:00 pm or online through the City's web site.
- 3. Applications will be completed by the Event Sponsor and submitted at least 60 days prior to the event. The application must be signed by the Event Sponsor Responsible Party. Incomplete applications will not be accepted. If an application is accepted and later determined to be incomplete, the applicant will be notified by the Deputy Clerk. Failure to provide information will result in denial of application.
- 4. The Deputy City Clerk will forward the application to all city departments that have responsibilities relating to the event. If necessary, a committee meeting involving the event Sponsor and city stakeholders may take place to clarify questions, determine specific needs, and address concerns.
- 5. The event Sponsor is required to obtain final approval for the special event from the City Manager. The City Council may announce the special event to the public at a scheduled Council meeting.

This section of the City of Highland's annual financial report presents discussion and analysis from City management regarding the City's financial performance during the fiscal year that ended on April 30, 2021 with comparative information for the fiscal year ended April 30, 2020.

#### FINANCIAL HIGHLIGHTS

- Total assets exceeded liabilities at the close of the fiscal year by approximately \$76.0 million (net position). Of this amount, the unrestricted amount of \$7.6 million may be used to meet the City's ongoing obligations to citizens and creditors.
- City-wide net position increased 7.0% during the fiscal year. Governmental activities increased 7.6% and a 6.3% increase occurred within enterprise activities.
- The City of Highland is compliant with the GASB 34 reporting model, which requires accounting for depreciation of fixed assets within governmental activities. Shown within the Statement of Net Position, the fixed assets year-end balance for fiscal year 2021 is \$95.3 million (net of depreciation). This is comprised of \$47.6 million for governmental activities plus \$47.7 million for business-type activities.
- Receipts of the traditional sales tax, shown within the "Intergovernmental" revenue line item, increased 6.1% during FY 2021. According to City estimates, and a change in the collection method for online purchases, this number will increase in future years based on current retail offerings available to our citizens.
- FY 2021 was the fourteenth full year of receipts from the 2006 Non-Home Rule Sales Tax Referendum. This 1% NHR sales tax was estimated to bring in an additional \$1.3 \$1.5 million annually to the City for street projects. Receipts for the year equaled \$1.6 million. This collection will also see an increase based on the updated collection method for online purchases.
- FY 2021 was the second full year for the newly created Business Districts generating \$729,281 for eligible projects within these Districts. As with the traditional and NHR, this tax collection is predicted to be increased based on the updated collection method for online purchases.
- Building permit activity continues and the growth rate of the City's equalized assessed value (EAV), which is an important component in property tax calculations, also continues to improve as developments continue and improvements are made to existing properties.

#### USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements.

- The Statement of Net Position and the Statement of Activities provide information about the activities of the City as a whole and present a longer-term view of the City's finances.
- For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most financially significant funds.
- The Enterprise fund statements display the results of the utility funds for each fiscal year.
- The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

#### Reporting the City as a Whole – The Statement of Net Position and the Statement of Activities

One of the most important questions asked about the City's finances is "Is the City as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include *all* assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

#### Reporting the City's Most Significant Funds -Fund Financial Statements

Some funds are required to be established by State law and bond covenants. However, the City Council establishes many other funds to help it control and manage money for particular purposes (such as the bonds for Infrastructure Improvements) or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money.

The City's three types of funds use different accounting approaches:

• Governmental Funds – Most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow into and out of these funds and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in the reconciliations within exhibits #4 and #6 of the "Basic Financial Statements" section.

- Enterprise Funds Services for which the City charges customers for the full cost of the services it provides are generally reported in enterprise funds. These business-type activities, like the government-wide statements, provide both long- and short-term financial information. Business-type activities are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities.
- Fiduciary Funds The City has fiduciary responsibility for other assets that because of trust arrangements can be used only for the trust beneficiaries. The City is responsible for ensuring the assets reported in these funds are used for their intended purposes. All of the City's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the City's government-wide financial statements because the City cannot use these assets to finance its operations.

In the supplemental information section, the City has provided detailed schedules of revenues, expenditures, and changes in fund balances for the required major funds. The capital projects funds that have been in presented in prior years are not required and therefore have not been included. The City has also included information on its various pension plans in accordance with GASB statutes. In addition, detailed historical data can be found regarding tax levies, building permits, and property values. Information regarding miscellaneous statistics about the City of Highland are also included. The reports are intended to provide the user with information beyond the realm of the traditional auditing requirements.

#### FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The following table provides a comparison between the activities for FY '21 and the activities for FY '20 under the GASB Statement No. 34 model. The city-wide total for revenues increased \$3.2 million and expenditures decreased \$2.0 million compared to the previous fiscal year. Governmental type revenues exceeded expenditures for the current and prior fiscal year. Business Type Revenues experienced expenditures over revenues for the current year but generated a surplus in the prior year. The surplus is utilized by the City of Highland to meet the City's fiscal policy in relation to reserves for operations, maintenance, and capital projects and any deficits are covered by surplus created in prior years.

#### **Governmental Activities**

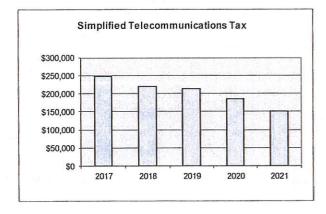

Governmental Activities include all funds except Business-Type Activities and the Police Pension Fiduciary Fund. Examples include the following: General Fund (which includes the Police Dept, Fire Dept, Building and Zoning, General Administration, and PW Admin / Street Dept. among others), Ambulance Fund, Parks and Recreation, and the various Library Funds.

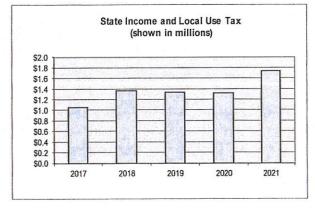

Intergovernmental revenues include revenues due to the City of Highland that pass through the State of Illinois. These include, but are not limited to, sales tax, income tax, and the simplified telecommunications Corporate tax. replacement tax, motor fuel tax, as well as fines and forfeitures are included within the "other" category. "miscellaneous" includes category interest income. "Charges for Services" includes billings from the City's Ambulance service and user fees from Parks & Recreation.

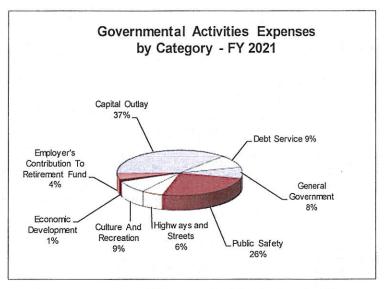

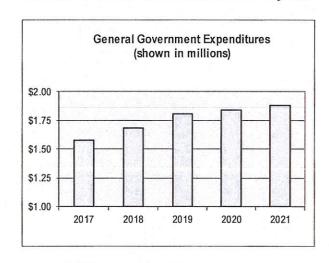

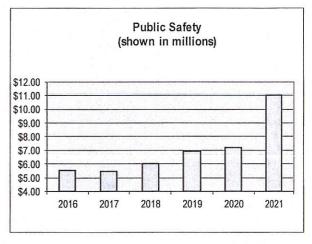

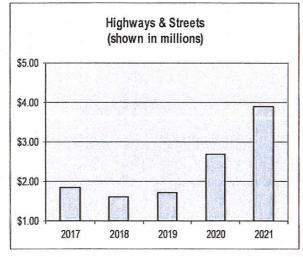

Expenditures of Governmental Activities are spread among a wide variety of functions. Among these are public safety functions of police, fire, and EMS. Also included are the activities of highways and streets as well as culture and recreation (parks & recreation / library). These areas are funded with the aforementioned revenues such property taxes and intergovernmental revenues. The charts included on this page depict the governmental activities expense amounts for the various functions. The increase in debt service is due to the refunding of the TIF #2

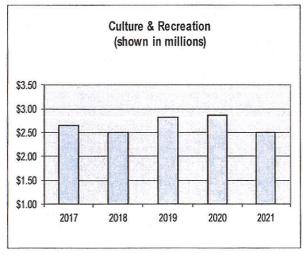

bonds. The increase in public safety is due to the construction of the new Public Safety Facility and completion of the downtown Fire Station renovations using the proceeds of the debt certificates issued for this purpose. Highways and Streets continues to grow as the City continues to make investment in our City streets.

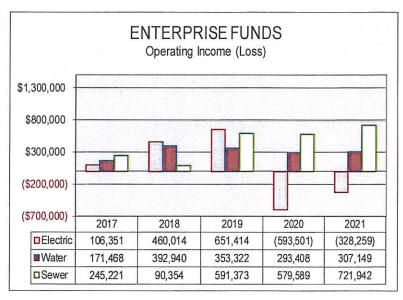

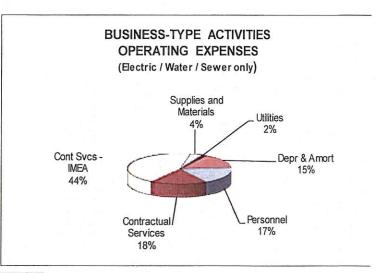

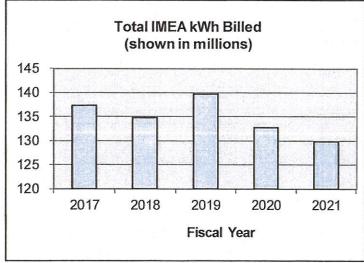

#### **Business-Type Activities**

Business-type activities include revenues and expenditures related to the Electric, Water, Sewer, and Solid Waste funds. Business-type activities do not receive property or intergovernmental taxes. Each enterprise fund operates as an independent entity, relying solely on user fees for operations. The water and sewer funds had incremental rate increases over the past few The most recent electrical rate increase was effective in May of 2021 and fiber rate increases will continue to be evaluated and implemented as needed. The electric fund also includes revenues billed and expenditures for installation of the new fiber infrastructure and operations.

Operational expenses for the electric (including fiber) increased by 2% while the revenues increased by 3%. These costs include depreciation which is not a budgetary item. The rate increase effective in May 2021 and further increases for fiber services will continue to be investigated in the upcoming fiscal year to avoid operational losses in the future along with efforts aimed at controlling operational costs for each department.

The total kilowatt hours billed decreased during Fiscal year 2021 also contributing to the operational loss. The cost per kilowatt hour will again be used to determine if additional rate increases beyond the power cost adjustment are warranted in the upcoming year.

#### STATUS OF CITY RESERVES

The governmental funds reported a *combined* fund balance of \$18.4 million. The City implemented GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, in a prior fiscal year. This created five new classifications for fund balance reporting including non-spendable, restricted, committed, assigned and unassigned. The classifications are important in determining the order of use for fund balances remaining at year end.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### Capital Assets

At the end of FY 2021, the City had \$95.3 million (net of depreciation) invested in a range of capital assets that include equipment, building and structures, and infrastructure. Infrastructure is valued based on the composite cost. The straight-line depreciation method is used, with a salvage value always being zero. More detailed information about the City's capital assets can be found in Note 5 of the Notes to the Financial Statements.

The City of Highland transfers amounts between funds for the main purpose of saving for future capital expenditures. Each fund transfers excess funds at year-end to the City Property Replacement Fund where it remains, until needed, to be transferred back for eligible capital purchases. Transfers also exist among funds in order to allocate the general administrative expenses among the appropriate fund. For more information on these interfund transfers see Note 8 in the Notes to the Financial Statements.

#### **Debt Administration**

The City of Highland only recently issued general obligation debt counting against its legal debt limit. Debt repayment is accomplished primarily with sales tax revenue and utility sales. The City of Highland's legal debt limit of \$7.9 million is available for general obligation debts. Total City debt per capita is approximately \$3,507. More detailed information about the City's debt can be located in Note 6 of the Notes to Financial Statements.

#### **CURRENT EVENTS AND NEXT YEAR'S BUDGET**

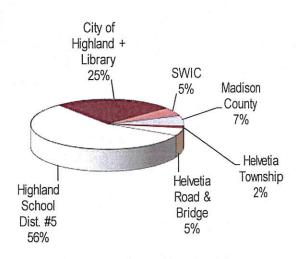

The City of Highland has taken an aggressive approach towards managing the growth of the community. The following is a brief description of some of the actions taken in FY '21, with a brief look ahead into FY '22.

The City could have not anticipated the current pandemic situation but due to solid reserves policies and our diverse revenue streams it appears we have weathered the financial impacts and were able to maintain a solid financial position. It is our hope to continue to regain pre pandemic levels of activities in order to continue to provide the level of services our citizens have learned to expect from the City of Highland.

The Fiber-to-the-Premise (FTTP) project continues to gain customers in the available service areas. This exciting project continues to develop as customers are added, services are added, and more citizens and business owners realize how valuable these community provided services can be. The Public Works Department obtained low interest financing and recently completed construction of major upgrades to the Water Reclamation Facility. Planning continues to finalize additional financing for sewer trunk main improvements through the same low interest loan program administered by the IEPA. Construction continues on the new public safety facility and the downtown fire station upgrades were completed with the creation of new Business Districts as a tool to assist in financing these improvements. Substation upgrades are still being done to sustain the electrical systems' reliability.

Steps have been taken to improve daily operations and help the City become more efficient. The City uses aspects of various performance management tools for budgeting and trend analysis. Under the direction of the City Manager, various committees have been established to review policies and procedures and to take an active role in assisting the City with its management.

As of April 2021, the City's Equalized Assessed Value increased 2.88% to a total of \$204.3 million. The EAV is used in conjunction with the 2020 Property Tax Levy for the collection of property taxes during FY 2021-2022. The City of Highland's (including the Library portion) property tax rate for 2020 represents 25% of the total property tax rate in Helvetia Township (Saline Township is nearly identical). The City's portion of the total property tax rate for Highland residents has remained relatively the same for the past few years. The City strives to maintain its property tax rate at the lowest amount possible while providing the highest quality of service.

#### CONTACTING THE CITY'S FINANCIAL MANAGEMENT

#### INDEPENDENT AUDITOR'S REPORT

To the City Council City of Highland Highland, IL 62249

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Highland, Illinois, as of and for the year ended April 30, 2021, and the related notes to the financial statements, which collectively comprise the City of Highland, IL's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Highland, IL, as of April 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as referred to in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Prior Period Partial Comparative Information

The prior year partial comparative information has been derived from the City of Highland's 2020 financial statements, and in our report dated October 1, 2020, we expressed an unmodified opinion on the respective financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Highland, IL's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 22, 2021, on our consideration of the City of Highland, IL's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Highland, IL's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Highland, IL's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council City of Highland, IL

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Highland, IL as of and for the year ended April 30, 2021, and the related notes to the financial statements, which collectively comprise the City of Highland, IL's basic financial statements and have issued our report thereon dated September 22, 2021.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Highland, IL's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Highland, IL's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Highland, IL's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Highland, IL's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# CITY OF HIGHLAND, ILLINOIS RECONCILIATIONS OF THE STATEMENTS OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENTS OF ACTIVITIES FOR THE YEAR ENDED APRIL 30, 2021 WITH COMPARATIVE AMOUNTS FOR APRIL 30, 2020

| Net change in fund balances - total governmental funds   | \$ (3,999,726) | \$ 9,222,254 |
|--|----------------|--------------|
| Amounts reported for governmental activities in the statements of activities are different because:  |                |              |
| Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. This is the amount by which capital outlay exceeded depreciation expense.  | 5,883,653      | 550,643      |
| In the governmental funds, debt premiums are amortized over the life of the debt and this amortization reduces the amount of interest expense recorded on the debt. This is the amount by which debt premiums exceeded the amortization of debt premiums.  | (162,844)      | (466,905)    |
| In the statement of activities, only the gain on the disposal of the capital assets is reported, whereas, in the governmental funds, the proceeds from the sale increase the financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the capital assets disposed. | (18,921)       | (24,452)     |
| Proceeds from new notes payable and debt certificates payable are recorded as revenues in the governmental funds but increase liabilities in the statement of net position.  | (2,680,000)    | (8,775,000)  |
| Some expenses, including accrued interest, OPEB, and compensated absences, reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.   | (252,874)      | (229,793)    |
| Governmental funds report defined benefit pension contributions as expenditures. However in the Statement of Activities, the cost of defined benefit pension benefits earned net of employee contributions is reported as pension expense.   | (187,524)      | (868,120)    |
| Repayment of principal is an expenditure in the governmental funds but reduces the liability in the statement of net position.   | 4,241,031      | 1,082,714    |
| Change in net position of governmental activities  | \$ 2,822,795   | \$ 491,341   |

#### NOTE 1. <u>SIGNIFICANT ACCOUNTING POLICIES</u>

The City of Highland, Illinois, was incorporated April 4, 1884. The City is a non-home rule unit and operates under a managerial council form of government. Under this form of government, the City council is legislative, except that it is empowered to approve all expenses and liabilities, and the manager is the administrative and executive head of government.

The accounting policies of the City of Highland conform to generally accepted accounting principles as applicable to governments. The following is a summary of the significant policies:

# (A) PRINCIPLES USED TO DETERMINE SCOPE OF ENTITY

The City's reporting entity includes the City's governing board and all related organizations for which the City exercises significant influence.

The City has developed criteria to determine whether outside agencies with activities which benefit the citizens of the City should be included within its financial reporting entity. The criteria includes, but is not limited to, whether the City exercises significant influence (which includes financial benefit or burden, appoints a voting majority, ability to significantly impose its will, and fiscal independence).

The City has determined that a component unit exists as of April 30, 2013. The Industrial Development Commission (IDC) was established by the City Council pursuant to the authority conferred by Section 11-74-4(8) of the Industrial Project Revenue Act (65 ILCS 5/11-74-4(8)) by Ordinance #2365 adopted and approved on July 6, 2009. The IDC meets monthly and makes recommendations about economic development decisions to the City Council. The IDC is a discretely presented component unit.

#### (B) BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The accounting policies of the City of Highland, Illinois, conform to accounting policies generally accepted in the United States of America as applicable to governmental units. The accepted standard setting body for establishing governmental accounting and financial reporting principles is the Governmental Accounting Standards Board (GASB).

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which is segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The City's funds are grouped into three broad fund categories and six generic fund types for financial statement presentation purposes. Governmental funds include the general, special revenue, debt service and capital projects funds. Proprietary funds include enterprise funds. The City also has one fiduciary custodial fund.

# NOTE 1. <u>SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### (i) GOVERNMENT-WIDE FINANCIAL STATEMENTS

The statement of net position and the statement of activities display information about the City and the primary government, as a whole, excluding fiduciary activities such as employee pension plans. These statements distinguish between activities that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the business-type activities of the City and for each governmental program. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the City.

Net position should be reported as restricted when constraints placed on the net position's use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws and regulations of other governments, imposed by law through constitutional provisions or enabling legislation. The net position restricted for other purposes results from special revenue funds and the restrictions on its net position use.

#### (ii) FUND FINANCIAL STATEMENTS

Fund financial statements report detailed information about the City. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

The City reports the following major governmental funds:

<u>General Fund</u> - The government's primary operating fund. This fund is used to account for and report all financial resources not accounted for or reported in another fund.

<u>Special Revenue</u> - <u>Ambulance</u> - The fund that accounts for proceeds of specific revenue sources (other than those for major capital projects) that are restricted or committed to expenditure for the specified purposes of providing ambulance services.

#### NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Capital Projects</u> - <u>City Property Replacement</u> - This fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlay, including the acquisition or construction of capital facilities (other than those financed by proprietary funds and trust funds).

<u>Capital Projects</u> - <u>Business District A</u> - This fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for economic development, including the acquisition or construction of capital facilities (other than those financed by proprietary funds and trust funds).

The City reports the following major proprietary funds:

<u>Light and Power Fund</u> - This fund operates the electrical distribution system and includes the fiber-optic system that provides high-speed internet, television, and telephone services to customers in Highland.

<u>Water Fund</u> - This fund operates the water distribution system.

<u>Sewer Fund</u> - This fund operates the sewer treatment plant, sewage pumping stations, and collection systems.

Solid Waste Fund - This fund operates the collection of solid waste pickup.

#### (iii) GOVERNMENTAL FUNDS

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis revenues are recognized in the accounting period in which they become measurable and available. The length of time to define available is 60 days or less. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

#### (a) REVENUE RECOGNITION

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available. This concept includes investment earnings, fines and forfeitures, and state-levied locally shared taxes (including motor vehicle fees).

Property taxes and special assessments (in the debt service funds), though measurable, are not available soon enough in the subsequent year to finance current period obligations. Therefore, property tax and special assessment receivables are recorded and offset with a deferred inflow of resources until they become available.

Other revenues, including licenses and permits, certain charges for services, and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

# NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### (b) EXPENDITURE RECOGNITION

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on general long-term debt, which has not matured, is recognized when paid. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

#### (iv) PROPRIETARY FUNDS

All proprietary funds are accounted for using the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. They report charges for services and connection fees as operating revenues, and items such as interest income, grants, and other miscellaneous items as non-operating revenues. The economic resource focus determines costs as a means of maintaining capital investment and management control. Their revenues are recognized when they are earned and their expenses are recognized when they are incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds, and unbilled utility receivables are recorded at each year end.

#### (v) <u>FIDUCIARY FUNDS</u>

The City currently has one fiduciary fund. The Policemen's Pension Trust Fund is used to account for pension assets held by the City in a trustee capacity. This fund is accounted for and reported in a manner similar to proprietary funds since capital maintenance is critical.

#### (C) VACATION AND SICK LEAVE

Vacation leave is accrued for full time employees of the City at the rate of one average work week per year upon completion of the first year of continuous service. These employees are granted two average work weeks per year following completion of the second year of continuous service through the sixth year. For the seventh through the eleventh year, three average work weeks are earned per year. From the twelfth through the twentieth year, four average work weeks are earned per year and five average work weeks per year are earned following the twentieth year and thereafter.

Sick leave is accrued for full time City employees at a rate of 13 days a year. Most employees can accumulate up to 30 days of vested sick pay and an additional 60 days of non-vested sick pay. Employees in the Sergeants and Telecommunicator Unions can accumulate up to 45 days of vested sick pay and an additional 45 days of non-vested sick pay. Terminated employees are compensated for all vested sick days. The City does not accrue the additional non-vested sick days totaling \$646,771. However, for the accrued vacation and vested sick days, the City is liable in the approximate amount of \$898,309 for payments to qualified employees of the governmental activities and \$413,947 for payments to qualified employees of the business-type activities as of April 30, 2021.

#### NOTE 1. <u>SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

# (D) <u>CASH AND INVESTMENTS</u>

The City maintains an investment pool that is available for use by all funds, except those of certain special revenue and agency funds. The City maintains a separate accounting of each fund's balance in the pool. Additionally, the City participates in the Illinois Fund. Investment income earned on pooled investments is distributed to the appropriate funds based on the average daily balance of the investments in each fund.

Investments are stated at fair value. Fair value for investments is determined by closing market prices at year-end as reported by the investment custodian.

All cash and investments of the proprietary funds are considered highly liquid, as these funds participate in the City's investment pool. Consequently, these are considered to be cash and cash equivalents for cash flow purposes.

Restricted cash on the financial statements represents cash for customer deposits, fiber bonds, and TIF bonds.

#### (E) GOVERNMENTAL RECEIVABLES

Long-term receivables due to governmental funds are reported on the balance sheets, in spite of their spending measurement focus. However, special reporting treatments are used to indicate that they should not be considered "available spendable resources", since they do not represent net current assets. Recognition of governmental fund type revenues represented by noncurrent receivables is deferred until they become current receivables. The City has determined that an allowance for uncollectible receivables is not needed based on prior years' collections.

#### (F) ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

#### (G) DEBT PREMIUMS, DISCOUNTS, AND ISSUANCE COSTS

On the government-wide statement of net position and the proprietary fund statement of net position, debt premiums and discounts are shown separately from debt payable, and debt issuance costs are recognized as an outflow of resources in the period incurred. In addition, unamortized debt premiums and discounts are deferred and amortized over the life of the debt using the straight-line method.

At the government fund reporting level, debt premiums and discounts are reported as inflows or outflows of resources in the period incurred.

# NOTE 1. <u>SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

# (H) <u>NET POSITION</u>

Net position is calculated by taking assets plus deferred outflows of resources less liabilities and deferred inflows of resources. The portion of net position that is titled "Invested in Capital Assets, Net of Related Debt" is capital assets less accumulated depreciation and outstanding debt related to the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are legal limitations imposed on its use by City legislation or external restrictions by other governments, creditors, or grantors. The City's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

# (I) DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

In addition to assets, the statement of financial position and balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period, and therefore, will not be recognized as an outflow of resources until that time. The government-wide statements report deferred outflows of resources related to the pension and OPEB plans. This deferred outflow represents the combination of changes in assumptions and the difference between projected and actual earnings on pension plan investments to be recognized in a future period.

In addition to liabilities, the statement of financial position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period, and therefore, will not be recognized as an inflow of resources (revenue) until that time. The government-wide statements report unavailable revenues from property taxes and amounts related to pension and OPEB plans. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

# (J) <u>CAPITAL ASSETS AND DEPRECIATION</u>

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the City as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in government-wide statements. Infrastructure such as streets, traffic signals and signs are capitalized in the government-wide statements. The valuation basis for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated fixed assets are reported at their fair value as of the date received. The City maintains a capitalization threshold of \$15,000.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets is the same as those used for the general capital assets.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings - 20 to 50 years; improvements/infrastructure - 5 to 50 years; equipment - 3 to 25 years.

# NOTE 1. <u>SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### (K) GOVERNMENTAL FUND BALANCES

The City elected to implement GASB No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, in the fiscal year ended April 30, 2012. In the fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable – Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

<u>Restricted</u> – Amounts with constraints placed on the use of resources by creditors, grantors, contributors, or laws or regulations of other governments; or through constitutional provisions or enabling legislation.

<u>Committed</u> – Amounts that can only be used for specific purposes pursuant to constraints imposed by the City Council through an ordinance or resolution. The City had no committed fund balances on April 30, 2021.

<u>Assigned</u> – Amounts that are constrained by an intent to be used for specific purposes but are neither restricted nor committed. The City Council has designated the City Manager and Finance Director the authority to make assignments.

<u>Unassigned</u> – All amounts not included in other spendable classifications.

For the classification of fund balance, the City requires restricted amounts to be spent first when both restricted and unrestricted fund balances are available unless there are legal documents or contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City would first use committed fund balances, followed by assigned fund balances and then unassigned fund balances when more than one classification for unrestricted fund balances are available.

#### (L) <u>COMPARATIVE DATA</u>

Comparative data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. However, comparative notes to the financial statements have not been presented since their inclusion would make the notes to the financial statements unduly complex and difficult to read.

# (M) RECLASSIFICATIONS

Certain accounts related to the prior year have been restated to conform to current year's presentation. The reclassifications have no effect on net position.

# NOTE 1. <u>SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

#### (N) RESTATEMENT

On December 2, 2020, the City and the Fraternal Order of Police Labor Council entered into an agreement that increased the maximum accrual for compensated absences effective May 1, 2019. The increased compensated absences accrual was not reflected in the previously issued April 30, 2020 financial statements as the agreement was not yet final. The table below summarizes the change in net position of the governmental activities.

Net Position, as Previously Reported\$ 37,003,502Additional Compensated Absences(43,781)Net Position, as Restated\$ 36,959,721

#### (O) <u>NEW ACCOUNTING PRONOUNCEMENTS</u>

Effective May 1, 2020, the City adopted the provisions of GASB Statement No. 83, Certain Asset Retirement Obligations (AROs), GASB Statement No. 84, Fiduciary Activities, and GASB Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements.

GASB Statement No. 83, Certain Asset Retirement Obligations (AROs), establishes standards for measuring and recognizing liabilities, deferred outflows of resources, and expenses for asset retirement obligations. An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in GASB 83. The City has determined that asset retirement obligations are not significant to these financial statements.

GASB Statement No. 84, *Fiduciary Activities*, establishes standards of accounting and financial reporting for fiduciary activities. The statement establishes criteria for identifying fiduciary activities, focusing on whether a government is controlling the assets of the fiduciary activity and the beneficiaries with whom a fiduciary relationship exists. The implementation of GASB Statement No. 84 had no impact on the financial statements of the City for the year ended April 30, 2021.

The objective of GASB Statement No. 88 is to improve the information that is disclosed in the notes to the financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. GASB statement No. 88 defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. The implementation of GASB Statement No. 88 resulted in changes to the long-term debt disclosure.

#### NOTE 2. CASH AND INVESTMENTS

Cash and investments as of April 30, 2021, including fiduciary funds, are classified in the accompanying financial statements as follows:

|                   | Primary      | C    | omponent |
|-------------------|--------------|------|----------|
|                   | Governmen    | t    | Unit     |
| Total Cash        | \$ 18,063,26 | 5 \$ | 57,545   |
| Illinois Funds    | 867,48       | 1    |          |
| Total Investments | 23,356,25    | 8    |          |
| Total             | \$ 42,287,00 | 4 \$ | 57,545   |

Cash includes \$1,000 of cash on-hand and \$18,062,265 of deposits with financial institutions for the primary government and \$57,545 deposited in a financial institution for the component unit.

The City may invest in any type of security allowed by Illinois Law (Public Funds Investment Act of the State of Illinois: 30 ILCS 235/1 et. Seq. as amended). The summary of the allowable instruments are: Passbook Savings Account; NOW, Super NOW, and Money Market Accounts; Commercial Paper – issuer must be a U.S. corporation with more than \$500,000,000 in assets, rating must be within 3 highest qualifications by 2 standard rating services, must mature within 180 days of purchase, and such purchase cannot exceed 10% of the corporation's outstanding obligations, State treasurer's investment pool; Money Market Mutual Funds - registered under the Investment Company Act of 1940, provided the portfolio is limited to bonds, notes, certificates, treasury bills, or other securities which are guaranteed by the federal government as to principal or interest; Repurchase Agreement - collateralized by full faith in credit U.S. Treasury securities; Certificates of deposit and time deposits, constituting direct obligations of any bank as defined by the Illinois Banking Act and only those insured by the FDIC, legally issuable by savings and loan associates incorporated under the laws of the State of Illinois or any other state or under the laws of the United States and only in those savings and loan associations insured by SAIF, bonds, notes, certificates of indebtedness, treasury bills or other securities which are guaranteed by the full faith and credit of the United States of America as to principal and interest, obligations of United States government agencies which are guaranteed by the full faith and credit of the United States government, short-term discount obligations of the Federal National Mortgage Association, insured account of credit unions whose principal office is in Illinois, various tax-exempt securities, and Illinois liquid assets.

The City's Police Pension Fund is regulated by the Illinois Department of Insurance – Public Pension Division. The Police Pension Fund may invest assets in treasury bills, treasury notes and bonds, bank loan deposits, the state investment pool, zero coupon bonds, guaranteed investment contracts, mutual funds containing stocks, bonds, money market instruments and real estate, mortgage pass-through securities, State of Illinois bonds, tax anticipation warrants, and credit union investments.

When permitted by law, the City will pool cash from several different funds that are accounted for in the City's annual financial report to maximize investment earnings. Investment income will be allocated to the various funds based on their respective participation and in accordance with generally accepted accounting principles.

# NOTE 2. <u>CASH AND INVESTMENTS (CONTINUED)</u>

The primary objectives, in priority order, of investment activity shall be safety, liquidity, and yield. Investments shall be made with judgment and care, under circumstances then prevailing, with persons of prudence, discretion, and intelligence who exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution of the investment program, or which could impair their ability to make impartial investment decisions. City officials and employees shall disclose to the City any material financial interest in financial institutions that conduct business with the City, and they shall further disclose any large personal financial or investment positions that could be related to the performance of the City's portfolio. The City Treasurer, financial officers and others employed in a similar capacity shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of their entity.

Authority to manage the investment program is granted to the Director of Finance and derived from the following: 65 ILCS 5/3.1-35-50 and the City of Highland Code by Resolution No. 99-12-1304.

Third party safekeeping is required for all collateral and for all securities. Safekeeping will be documented by an approved written agreement. This may be in the form of a safekeeping agreement, trust agreement, escrow agreement, or custody agreement.

Any financial institution selected by the City shall provide normal banking services, including, but not limited to: checking accounts, wire transfers, purchase and sale of United States Treasury securities, and safekeeping services.

The City will not maintain funds in any financial institution that is not a member of the FDIC or SAIF system. In addition, the City will not maintain funds in any institution not willing to or capable of posting required collateral for funds in excess of FDIC or SAIF insurable limits.

Fees for banking services shall be mutually agreed to by an authorized representative of the depository bank and the Director of Finance in consultation with the City Manager and shall not be agreed to for any period exceeding three (3) years. Fees for services shall be substantiated by a monthly account analysis and shall be reimbursed by means of compensating balances.

All financial institutions acting as a depository for the City must enter into a "Depository Agreement". All financial institutions and brokers/dealers who desire to become qualified bidders for investment transactions must supply the following upon request by the Director of Finance or an agent of the Director of Finance: audited financial statements, proof of National Association of Securities Dealers (NASD) certification, proof of state registration, completed broker/dealer questionnaire, and certification of having read the City's investment policy.

# NOTE 2. <u>CASH AND INVESTMENTS (CONTINUED)</u>

Investments are measured at fair value on a recurring basis. Recurring fair value measurements are those that GASB Statements require or permit in the statement of net position at the end of each reporting period. Fair value measurements are categorized based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The following table presents the fair value hierarchy for the balances of the investments of the City's Governmental Funds measured at fair value on a recurring basis as of April 30, 2021:

| Investment Type                      | Level 1         | L  | evel 2 | L  | evel 3 | Total           |
|--------------------------------------|-----------------|----|--------|----|--------|-----------------|
| Certificates of Deposit - Negotiable | \$<br>2,798,343 |    |        |    |        | \$<br>2,798,343 |
| Mutual Funds                         | 1,442,685       |    |        |    |        | 1,442,685       |
|                                      | \$<br>4,241,028 | \$ | 0      | \$ | 0      | \$<br>4,241,028 |

The following table presents the fair value hierarchy for the balances of the investments of the City's Police Pension Fund measured at fair value on a recurring basis as of April 30, 2021:

| Investment Type | Level 1       | Level 2 |      | Level 3 | Total         |
|-----------------|---------------|---------|------|---------|---------------|
| Municipal Bonds | \$ 4,718,508  |         |      |         | \$ 4,718,508  |
| Mutual Funds    | 9,216,373     |         |      |         | 9,216,373     |
|                 | \$ 13,934,881 | \$      | 0 \$ | 0       | \$ 13,934,881 |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The assets measured at fair value for both the Governmental Funds and the Police Pension Fund are valued at the closing price reported on the active market on which the individual securities are traded.

#### (A) <u>INTEREST RATE RISK</u>

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, an investment with a longer maturity date will have a greater sensitivity of its fair value to changes in market interest rates. One of the ways the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flow from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

#### NOTE 2. <u>CASH AND INVESTMENTS (CONTINUED)</u>

Information about the sensitivity of the fair values of the City's investments to market rate fluctuations is provided in the following table. As of April 30, 2021, the City had the following investments and maturities:

|   |      |            | Investment Maturities (in Months) |            |    |           |               |           |     |           |

#### (B) CREDIT RISK

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City's state investment pool has earned Fitch's rating (AAAmmf). The Policemen's Pension Trust Fund can also invest in stocks, bonds, and mutual funds. The mutual funds held by the Policemen's Pension Trust Fund are not rated for credit risk. The City's bond holdings of the Policemen's Pension Trust Fund have earned at least Fitch's "BBB-" rating.

# (C) <u>CUSTODIAL CREDIT RISK</u>

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. All deposits are carried at cost plus accrued interest.

The City's balance in the state investment pool is fully collateralized. The City maintains a separate investment account representing a proportionate share of the pool assets and respective collateral; therefore, no collateral is identified with each individual participant's account. As of April 30, 2021, the balance in the City's state investment pool was \$867,481.

The City's cash deposits, including the fiduciary fund, at April 30, 2021 consisted of the following:

| Depository Account                                    | _  | Primary<br>Sovernment<br>ank Balance | mponent<br>Unit<br>k Balance |

# NOTE 2. CASH AND INVESTMENTS (CONTINUED)

# (D) <u>CONCENTRATIONS OF CREDIT RISK</u>

The City's investment policy limits the amount of funds deposited and/or invested in a financial institution. Deposits/investments shall not exceed 65% of a capital stock and surplus of such institution unless collateral security has been pledged, in which case the amount of such deposits and/or investments shall not exceed 75%.

Investments in any one financial institution or issuer that represent 5% or more of the total City investments are as follows:

|                   | Investment              | I  | Reported  |
|-------------------|-------------------------|----|-----------|
| Issuer            | Туре                    |    | Amount    |
| FCB Highland Bank | Certificates of Deposit | \$ | 1,395,238 |

# NOTE 3. RISK MANAGEMENT

The City of Highland is exposed to risks of loss from normal items typically applicable to all municipalities. These include liability, worker's injury, property damage, and other risks that are too numerous to mention. To reduce the City's risk of loss from damages and claims, the City has purchased commercial insurance from the Illinois Municipal League, which provides insurance coverage for property and liability claims for over 600 Illinois municipalities. Settlement claims have not exceeded insurance coverage for each of the past three fiscal years.

#### NOTE 4. PROPERTY TAXES

The City's property tax is levied each year on all taxable real property located in the City on or before the last Tuesday in December. The 2020 levy was passed by the Council on December 21, 2020. Property taxes attach as an enforceable lien on property as of January 1, and are payable in four installments for 2021: July 8, September 8, October 8, and December 8. The County has not mailed tax bills as of April 30, 2021. The City receives significant distributions of tax receipts approximately one month after the bills are mailed by the County. In conjunction with NCGA Interpretation #3, revenue is accrued in the year of the levy to the extent that it is due to be paid by the taxpayer by April 30, 2021 and is expected to be collected soon enough after April 30, 2021 to be used to pay liabilities by June 30, 2021 (60 days or less) and has been budgeted for the current year.

# NOTE 4. PROPERTY TAXES (CONTINUED)

The following are the tax rates applicable to the various levies per \$100 of assessed valuation:

|                        | MAXIMUM |        |        |        |        |        |        |

The City has established two tax increment financing (TIF) districts to encourage development within the redevelopment project areas and to enhance the value of those properties. In connection with the agreements of the redevelopment project areas, the real estate taxes, which relate to the incremental increase in property values within the redevelopment project areas, are paid directly to the TIF districts for investing in redevelopment projects within the TIF districts.

# NOTE 7. RETIREMENT FUND COMMITMENTS

# (A) <u>ILLINOIS MUNICIPAL RETIREMENT FUND – REGULAR AND SLEP EMPLOYEES</u>

# (i) PLAN DESCRIPTION

The City of Highland's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The City of Highland's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. This report is available for download at <a href="https://www.imrf.org">www.imrf.org</a>.

#### (ii) <u>BENEFITS PROVIDED</u>

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

| Active Plan Members  | 106     | 0    |
| Total  | 261 ·   | 1    |

#### (iv) <u>CONTRIBUTIONS</u>

# (a) REGULAR PLAN

As set by statute, the City's Regular plan members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City's annual required contribution rate for calendar year 2020 was 10.74%. For the fiscal year ended April 30, 2021, the City contributed \$763,181 to the plan. The City also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

# (b) SLEP PLAN

As set by statute, the City's Regular plan members are required to contribute 7.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City's annual required contribution rate for calendar year 2020 was 14.04%. For the fiscal year ended April 30, 2021, the City contributed \$0 to the plan. The City also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

#### (v) NET PENSION LIABILITY

The City of Highland's net pension liability was measured as of December 31, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

#### NOTE 7. RETIREMENT FUND COMMITMENTS (CONTINUED)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2020:

|                         |            | Long-Term  |

|                         |            |            |

#### (vii) SINGLE DISCOUNT RATE

A Single Discount Rate of 7.25% for both the regular plan and the SLEP plan was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the longterm expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on pension plan investments is 7.25%, the municipal bond rate is 2.00%, and the resulting single discount rate is 7.25%.

#### (B) POLICE PENSION

#### (i) PLAN ADMINISTRATION

Police sworn personnel are covered by the Police Pension Plan which is a defined benefit single employer pension plan. Although this is a single employer pension plan, the defined benefits and employee and employer contributions level are governed by Illinois Compiled Statutes (Chapter 40 ILCS 5/3) and may be amended only by the Illinois Legislature. The City accounts for the plan as a pension trust fund.

The plan is governed by a five-member Board of Trustees. Two members of the board are appointed by the City, two are active members of the police department elected by the membership, and one is a retired member of the police department elected by the membership.

At April 30, 2020, the Police Pension Plan membership consisted of:

| Total  | 35   |
|--|------|
| Active Plan Members  | 20   |
| Inactive Plan Members Entitled to but Not Yet Receiving Benefits     | 1    |
| Inactive Plan Members and Beneficiaries Currently Receiving Benefits | s 14 |

#### (ii) BENEFITS PROVIDED

The Plan provides retirement, disability, death, and termination benefits. The Police Pension Plan has two tiers. Police officers hired prior to January 1, 2011 are eligible for Tier 1. Police officers hired on or after January 1, 2011 are eligible for Tier 2.

#### NOTE 7. RETIREMENT FUND COMMITMENTS (CONTINUED)

Under Tier 1, a police officer age 50 or more with 20 or more years of creditable service shall receive a pension of one-half of the salary attached to the rank held by the officer at the date of retirement. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years of service through 30 years of service, to a maximum of 75% of such salary. The minimum monthly benefit is \$1,000 per month. The monthly benefit shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension, and 3% compounded annually thereafter. Those that retire prior to age 55 receive an increase of 1/12 of 3% for each full month from benefit commencement until age 55 is reached.

Under Tier 2, a police officer age 55 or more with 10 or more years of creditable service shall receive a pension of 2.5% per year of service times the average salary for the eight consecutive years prior to retirement times the number of years of service. The maximum benefit is 75% of average salary. An annual cost-of-living adjustment is calculated each January 1<sup>st</sup>. The increase is equal to 3% per year or one-half of the annual unadjusted percentage increase in the consumer price index-u for the 12 months ending with the September preceding each November 1<sup>st</sup>, whichever is less, of the original pension after the attainment of age 60 or first anniversary of pension state date, whichever is later.

Officers totally and permanently disabled as determined by the Board of Trustees are eligible to receive a disability benefit. Officers disabled in the performance of an act of duty are entitled to 65% of the salary attached to the rank held on the date of service and the monthly retirement pension that the member is entitled to receive if he or she retired immediately. If the disability occurs while the officer is not in performance of an act of duty, the officer is entitled to a disability benefit of 50% of the salary attached to the rank on the last day of service.

If an officer dies in the line of service, the named beneficiary is entitled to a death benefit equal to 100% of the officer's salary attached to the rank held by the officer on the last day of service. For a non-service death, the beneficiary would receive a maximum of 50% of the salary attached to the rank held by the officer on the last day of service, and the monthly retirement pension earned by the deceased officer at the time of death, regardless of whether death occurs before or after age 50. For non-service deaths with less than 10 years of service, a refund of member contributions is provided.

After termination of service, an officer with less than 10 years of service will receive a refund of their contributions. If the officer has 10 or more years of service, the officer will receive either a refund of their contributions, or the termination benefit, payable upon reaching age 60 provided contributions are not withdrawn. The termination benefit is 2.50% of the annual salary held in the year prior to termination times years of creditable service.

#### (iii) CONTRIBUTIONS

Plan members are required to contribute 9.91% of their base salary to the Police Pension Plan. The City is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary.

#### NOTE 7. RETIREMENT FUND COMMITMENTS (CONTINUED)

#### (iv) <u>INVESTMENT POLICY</u>

The fund's Board of Trustees is required to adopt an investment policy which can be amended by a majority vote of the Board of Trustees. The plan complies with the investment guidelines set forth at 40 ILCS 5/1-113. The investment policy was modified on April 19, 2018.

Fixed-income securities are reported at cost subject to adjustment for market declines judged to be other than temporary (lower of cost or market). Investment income is recognized as earned. Gains and losses on sales and exchanges of fixed-income securities are recognized on the transaction date. Equity securities are reported at fair value. The plan did not hold investments in any one organization that represent 5% or more of the Pension Plan's Fiduciary Net Position.

For the year ended April 30, 2020, the annual money-weighted rate of return on plan investments, net of pension plan investment expense, was -0.88%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The following was the Board's adopted asset allocation policy and best estimate of arithmetic real rates of return as of April 30, 2020:

|                             |                   | Long Term Expected  |

#### (vi) ACTUARIAL ASSUMPTIONS

The total pension liability above was determined by an actuarial valuation performed as of April 30, 2020 using the following actuarial assumptions:

| Inflation                 | 2.50%   |
|---------------------------|---|
| Salary Increase           | Service-related table with rates grading from |
|                           | 10.5% to 3.0% at 30 years of service          |
| Discount Rate             | 6.50%   |
| Investment Rate Of Return | 6.50%   |

Mortality rates were based on the RP-2014 Combined Healthy Mortality with a blue collar adjustment, projected generationally using scale MP-2019 from 2013. Disabled mortality rates were based on the RP-2014 Combined Disabled Mortality with a blue collar adjustment, projected generationally using scale MP-2019 from 2013. The date of the most recent experience study for which significant assumptions are based upon is not available.

#### NOTE 7. RETIREMENT FUND COMMITMENTS (CONTINUED)

#### (vii) DISCOUNT RATE

The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Pension Plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

## (viii) <u>SENSITIVITY OF THE NET PENSION LIABILITY TO CHANGES IN THE DISCOUNT RATE</u>

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 6.50%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

|                       | 1% Decrease   | Discount Rate | 1% Increase  |  |
|-----------------------|---------------|---------------|--------------|--|
|                       | 5.50%         | 6.50%         | 7.50%        |  |
| Net Pension Liability | \$ 12,248,469 | \$ 8,944,750  | \$ 6,301,241 |  |

### (ix) <u>DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS</u>

At April 30, 2021, the City of Highland recognized deferred outflows and inflows of resources related to pensions from the following sources:

#### NOTE 8. <u>INTERFUND ACTIVITY</u>

Interfund balances exist on the governmental and proprietary fund financial statements and represents amounts loaned among the funds that are expected to be repaid within the next year. Interfund balances between governmental funds and interfund balances between proprietary funds have been eliminated in the government-wide statement of net position. Interfund balances at April 30, 2021, consisted of the following:

| Due To Due From                |                          | 1  | Amount  |
|--------------------------------|--------------------------|----|---------|

| City Property Replacement Fund | General Corporate Fund   |    | 355,000 |
| City Property Replacement Fund | Other Governmental Funds |    | 280,000 |

Interfund transfers exist due to the allocation of general administrative expenses among the funds and to provide funding for the economic development fund. The transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Interfund transfers for the year ended April 30, 2021, consisted of the following:

#### NOTE 9. OTHER POST EMPLOYMENT BENEFITS

The City of Highland's Retiree Health Care Plan (Plan) is a single-employer defined benefit post-employment health care plan that covers eligible retired employees of the City. The City allows for retired employees to purchase medical, pharmacy, and dental insurance through the City's single employer group plans. This constitutes an other post employment benefit (OPEB) provided to the employees. These benefits are governed by the City Council and can be amended through the City's personnel manual and union contracts. For purposes of applying Paragraph 4 under Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the Plan does not meet the requirements for an OPEB plan administered through a trust and does not issue a stand-alone financial report.

#### (i) Employees Covered by Benefit Terms

At April 30, 2021, the following employees were covered by the benefit terms:

| Inactive Plan Members or Beneficiaries Currently Receiving Benefits | 21  |
|---|-----|
| Inactive Plan Members Entitled to but not yet Receiving Benefits    | 0   |
| Active Plan Members   | 122 |
|   | 143 |

#### (ii) <u>BENEFITS PROVIDED</u>

Retirees and their spouses or surviving spouses are eligible to purchase medical, pharmacy and dental benefits at the City's group rates. Although retirees pay 100% for dental and vision coverage, and the majority of the cost for medical coverage, the City in effect also subsidizes a portion of the insurance costs by allowing them to remain on the group plan. Eligible employees must be at least 55 years of age with 20 years of service or 60 years of age with 8 years of service for all departments other than the police. Police department retirees must be 50 years of age with 20 years of service or 60 years of age with 8 years of service. Retirees and their spouses may only receive these benefits until reaching the age of 65.

#### (iii) NET OPEB LIABILITY

The measurement period for the OPEB expense was May 1, 2020 to April 30, 2021. The reporting period is May 1, 2020 through April 30, 2021. The City's Total OPEB Liability was measured as of April 30, 2021.

The components of the net OPEB liability of the plan at April 30, 2021, calculated in accordance with GASB Statement No. 75 were as follows:

| Total OPEB Liability        | \$<br>2,541,460 |
|-----------------------------|-----------------|
| Plan Fiduciary Net Position | 0               |
| Net OPEB Liability          | \$<br>2,541,460 |

Plan fiduciary net position as a percentage of the total OPEB liability is 0%.

See the schedule of changes in total OPEB liability and related ratios in the required supplementary information for additional information related to the funded status of the plan.

For the year ended April 30, 2021, the City will recognize OPEB expense of \$532,299.

#### (iv) ACTUARIAL ASSUMPTIONS

The Total OPEB Liability was determined by an actuarial valuation as of April 30, 2021 using the following actuarial assumptions:

| Price Inflation       | 2.50% |
|-----------------------|-------|
| Annual Wage Increases | 2.75% |
| Discount Rate         | 1.83% |

#### (v) <u>DISCOUNT RATE</u>

Given the City's decision not to fund the program, all future benefit payments were discounted using a high-quality municipal bond rate of 1.83%. The high-quality municipal bond rate was based on the week closest but not later than the measurement date of the S&P Municipal Bond 20 Year High Grade Rate Index as published by S&P Dow Jones Indices. The S&P Municipal 20 Year High Grade Rate Index consists of bonds in the S&P Municipal Bond Index with a maturity of 20 years. Eligible bonds must be rated at least AA/Aa by Standard and Poor's Ratings Services, Aa2 by Moody's or AA by Fitch. If there are multiple ratings, the lowest rating is used.

#### NOTE 10. TAX ABATEMENTS

The City enters into property tax abatement agreements with local businesses under the Illinois Tax Increment Allocation Redevelopment Act. Under this act, localities may grant property tax abatements for the purpose of rehabilitation of blighted or conservation areas. The abatements may be granted to any business located within the TIF District boundaries which incur qualified redevelopment costs. A typical agreement will reimburse a developer's qualified costs up to 100% of the annual property tax increment. For the fiscal year ended April 30, 2021, the City abated property taxes totaling \$24,984 under this program.

The City entered into sales tax rebate agreements with multiple businesses within the City's business district as an incentive for the businesses to complete improvements to their businesses. These businesses receive sales tax rebates of up to 100% of the 1% city sales tax increment, to be paid annually. For the fiscal year ended April 30, 2021, the City abated sales taxes totaling \$58,216 under these agreements.

The City entered into property tax abatement agreements with multiple businesses within the City's business district as an incentive for the businesses to complete improvements to the buildings within the district. These agreements reimburse the businesses up to 100% of the City's portion of the ad valorem tax increment generated on the increase in equalized assessed value for the improved property. For the fiscal year ended April 30, 2021, the City abated property taxes totaling \$9,797 under these agreements.

The City entered into a property tax abatement agreement to secure two easements. This agreement abates the City's portion of real estate tax. For the fiscal year ended April 30, 2021, the City abated property taxes totaling \$18,999 under this agreement.

#### NOTE 11. <u>LEGAL DEBT MARGIN</u>

#### NOTE 13. UNCERTAINTIES

On March 11, 2020 the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. As of the report date, the City's office locations remain open. The City cannot reasonably estimate the length or severity of this pandemic, or the extent to which the disruption may materially impact the financial statements.

#### NOTE 14. SUBSEQUENT EVENTS

In July of 2021, the City refinanced the 2013 Sewerage System Revenues Bonds to obtain lower interest rates. The bond closing was on July 6, 2021.

As part of the American Rescue Plan Act (ARPA), the City of Highland is eligible to receive \$1,336,875 from the Coronavirus Local Fiscal Recovery (CLFR) Fund allotment for non-entitlement units of local government. The City of Highland has requested the funds, that will be paid in two annual installments, and is currently determining the best use of these funds as permitted. In September 2021, \$668,438 of the funds were received.

The City of Highland has entered into a memorandum of understanding with Ameren Services Company for a Joint Transmission Project Development and Asset Purchase. The final terms of this transaction are not available as of September 22, 2021. This agreement is tentatively expected to be completed in 2023.

#### CITY OF HIGHLAND, ILLINOIS NOTES TO SCHEDULE "1" APRIL 30, 2021

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. During the first quarter of the calendar year, the City Manager submits to the City Council a proposed budget for the year commencing May 1 of that year. Expenditures, interest, payroll, claims, and compensated absences are budgeted to the extent anticipated to be paid in cash.
- 2. Public hearings are conducted to obtain taxpayer comments.
- 3. On April 20, 2020, the budget ordinance was legally enacted. The budget ordinance was legally amended on December 21, 2020 and April 19, 2021.
- 4. The operating budget for the major governmental and special revenue funds is reflected in the financial statements.
- 5. The formal budget is adopted and used as a management control device during the year for the general fund, special revenue funds, capital project funds, debt service funds, enterprise funds and pension and nonexpendable trust funds. Budgetary control is at the total individual fund level and is alternatively achieved through bond indenture provisions for the debt service funds. This allows the City Manager and the finance department to transfer budgeted amounts within departments; however, any revisions that alter the total expenditures/expenses of any individual fund, by more than 10% must be approved by the City Council.
- 6. The City files with the county an annual budget ordinance which is the legally required document that levies a tax on the owners of property located in the City. The City budgets for expenditures to the extent anticipated to be paid in cash. All appropriations lapse at year end. The budget is the legal document that limits the spending capacity by fund of the City for its services and operations.

As of April 30, 2021, the City's expenses exceeded budget in the following funds. The amounts do not account for the change in accruals, debt proceeds, or the transfers to other funds or reserve accounts.

## NOTES TO SCHEDULE OF PENSION CONTRIBUTIONS SUMMARY OF ACTUARIAL METHODS AND ASSUMPTIONS USED IN THE CALCULATION OF THE 2020 CONTRIBUTION RATE\*

#### VALUATION DATE

Notes:

Actuarially determined contribution rates are calculated as of December 31 each year, which is 12 months prior to the beginning of the fiscal year in which contributions are reported.

#### METHODS AND ASSUMPTIONS USED TO DETERMINE 2020 CONTRIBUTION RATES:

Actuarial Cost Method:

Aggregate Entry Age Normal

Amortization Method:

Level Percentage of Payroll, Closed

Remaining Amortization

Period:

Non-Taxing bodies: 10-year rolling period.

Taxing bodies (Regular, SLEP and ECO groups): 23-year closed period

Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the Employer upon adoption

of ERI.

SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 18 years for most employers (three employers were financed over 27 years and four others were financed over 28 years).

Asset Valuation Method:

5-Year smoothed market; 20% corridor

Wage Growth:

3.25%

Price Inflation:

2.50% - approximate; No explicit price inflation assumption is used in this valuation.

Salary Increases:

3.35% to 14.25% including inflation

Investment Rate of Return:

7.25%

Retirement Age:

Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2017 valuation pursuant to an experience study of the period 2014-2016.

Mortality:

For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

#### OTHER INFORMATION

Notes:

Retirement Age:

Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2017 valuation pursuant to an experience study of the period 2014-2016.

Mortality:

For non-disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for nondisabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Healthcare Reform:

Per the Setting Every Community Up for Retirement Enhancement Act ("SECURE"), signed into law on December 20, 2019, the excise tax on high-cost healthcare plans ("Cadillac" tax) has been repealed. As a result the liability for future excise taxes is reduced to zero.

Other legislative changes related to the Affordable Care Act were included in the valuation only to the extent they have already been implemented in the plan.

Participation:

Future Retirees: 80% of future retirees are assumed to elect coverage at retirement. 40% of participating retirees are assumed to elect the Base plan. 30% the Buy-Up plan, and 30% the H.S.A. plan. It is assumed that no one will opt in or opt out of coverage once initial retirement election is made.

Current Retirees: Based on current coverage election. It is assumed that no one will opt in or opt out of coverage once initial retirement election is made.

Spousal Participation:

Future Retirees: 50% of participating retirees are assumed to be married and cover their spouse.

Current Retirees: Based on current coverage election.

Spouse Age:

Male spouses are assumed to be 3 years older, and female spouses are assumed to be 3 years younger. Actual age is used for spouses of current retirees, if provided.

# AN ORDINANCE APPROVING A MEMORANDUM OF UNDERSTANDING BETWEEN CITY OF HIGHLAND, ILLINOIS AND MADISON COUNTY, ILLINOIS REGARDING THE EMERGENCY TELEPHONE SYSTEM ACT, 50 ILCS 750, *ET SEQ.*, AND 2022 DISPATCH SERVICES

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter "City"), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

**WHEREAS**, City and Madison County, Illinois ("Madison County") wish to enter a Memorandum of Understanding regarding City dispatch services beginning in 2022; and

WHEREAS, the proposed Memorandum of Understanding is attached hereto as Exhibit A; and

**WHEREAS**, once finalized and implemented, the current Madison County, Illinois 911 consolidation plan will route City 911 calls through the Collinsville Police Department, which, logistically, is not ideal seeing as Madison County is already dispatching all the departments around the City, both fire and police, post-911-consolidation; and

**WHEREAS**, City has determined the logical operational choice for City's 911 call dispatch beginning in 2022 would be Madison County; and

WHEREAS, according to a recently completed impact study, Madison County would incur approximately \$250,000 in both direct and indirect costs to dispatch all calls for City, and City would be responsible for reimbursement of these costs to Madison County; and

**WHEREAS**, City will save the taxpayers approximately \$236,000 dollars per year (not including future increases in employment costs) by contracting with Madison County, Illinois to dispatch City's calls:

1. Cost of Retaining City Dispatch – approximately \$486,000;

- a. \$476,000 Telecommunicator's ("TCs") salary, benefits, etc. (not including future increases in employment and benefit costs);
- b. \$10,000 annual expenses for City's connection to Madison County that serves City's current records management and CAD system, and will provide digital radio communications connection;
- 2. Cost of moving City dispatch to Madison County approximately \$250,000;
- 3. Annual savings to City taxpayers through contracting with Madison County for dispatch approximately \$236,000 per year; and

**WHEREAS**, City has determined the cost of law enforcement is increasing exponentially with the passage of new Illinois legislation requiring body cameras, increased training, increased record keeping, and other ancillary costs associated with running a municipal police department, as well as the cost to recruit and retain qualified City police officers; and

**WHEREAS**, City has determined it shall contract with Madison County for dispatch services beginning in 2022; and

**WHEREAS**, Madison County has agreed to dispatch for City for an agreed amount to be established by the impact study and actual call volume (estimate of \$250,000 per year); and

WHEREAS, City has determined the City Manager and/or Mayor shall be authorized and directed to execute any documents necessary to formalize this Memorandum of Understanding with Madison County (Exhibit A) for dispatch services beginning in 2022.

## NOW, THEREFORE, BE IT ORDAINED, by the City Council of the City of Highland as follows:

- Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.
- Section 2. City agrees to contract with Madison County, Illinois for all dispatch services beginning in 2022, and agrees to formalize an intergovernmental agreement with Madison County, Illinois formalizing said agreement.
- Section 3. Madison County, Illinois agrees to contract with City for all dispatch services beginning in 2022, and agrees to formalize an intergovernmental agreement with Madison County, Illinois formalizing said agreement.
- Section 4. The City Manager and/or Mayor is authorized and directed to enter the Memorandum of Understanding (**Exhibit A**) and execute the Agreement on behalf of the City.

### City of Highland 1115 Broadway, PO Box 218 Highland, IL 62249

**To**: Honorable Mayor Hemann and City Council

From: Chris Conrad-City Manager

Date: September 30, 2021

**Re**: Recommendation to approve MOU with Madison County for 911/dispatch services

I am submitting for your approval a Memorandum of Understanding between the City of Highland and the Madison County Sheriff's Department. This MOU will authorize the City Manager to negotiate an intergovernmental agreement with the County for the purposes of consolidating 911 and police/fire/ems dispatch services.

**Discussion:** I have attached the staff report provided to the council at the September 20, 2021 meeting as documentation of the research and actions taken to this point regarding potential consolidation. I am also attaching the cost analysis conducted in concert with the County on the actual cost to the county for taking on our duties.

After thorough review of the research, I have not found a viable alternative to consolidation of these services. Factors taken into consideration for this recommendation, as can be inferred from the staff report, have included financial, operational and liability concerns.

I recommend the council approve the MOU as presented to authorize the City Manager to negotiate an Intergovernmental agreement between the City and Madison County for 911 and nonemergency dispatch for police, fire and ems services.

#### **Staff Report for Council**

**History**: The State legislature passed the 911 consolidation bill in 2015 that required consolidation of 911 centers (AKA PSAPS) across the state. The requirement for Madison County was to go from 16 to 8. At the time of the legislation, then Chief Bell was serving on the local Emergency Telephone System Board and he and I in my role as the lieutenant at the time, spent time both locally and at the state level lobbying against the bill. We soon found that consolidation was the only thing legislators on both sides of the aisle agreed upon. After the law was passed we continued to lobby for a trailer bill and even testified at a hearing on behalf of Madison County trying to get an exemption. We lost, and Chief Bell was removed from the local ETSB by Chairman Prenzler. At that point, Highland no longer had a voice at the table concerning the eventual consolidations. I will tell you from having attended many of the meetings, the talks were highly emotional and political. Madison County has been working with the State to submit an approved plan ever since with plans being rejected and challenged in court. It appeared that consolidation was on an indefinite hold while things played out in court.

In the meantime, most other counties that were required to consolidate, did so. Madison County is one of the last to take action on the consolidation mandate. In February, we found out that Bethalto was voluntarily consolidating with the Wood River PSAP for both 911 and dispatch. I spoke to their Chief about his discussions and the ultimate decision and started calling current ETSB board members to get an update on consolidation timelines as the 2 court cases concerning our plan were coming to resolution. We realized we needed to take a step back and take a hard look at our operations and run the numbers on what it would look like for Highland once consolidation happens. So that brings us to where we are now.

**Research:** I started by looking at our current operations. Fortunately, we have good data. We answer about 10-11K incidents a year and this is combined police, fire and EMS. We also dispatch for Highland-Pierron FD and our EMS serves HPFD, St, Jacob Fire Department, Marine Fire Department, Grantfork FD and St Rose FD. So a little over 2000 of those 10-11K incidents handled by dispatch are EMS calls. As far as actual telephone calls into HPD Dispatch, we get about 15K calls a year and this includes non-emergency calls, calls for electric department outages and other after-hours city related calls. This comes out to about 2 calls per hour, with our heaviest call volume between 2 and 5pm, and lightest call volume between 10p-6am.

I then looked at costing, I pulled data from finance on payroll, insurance, misc benefits and pension costs for the 6 current dispatchers who answer and manage those 15K phone calls. We currently spend \$476K on those 6 employees with average growth of salary and benefits right around 4% per

annum. We get reimbursed about \$40K/year from the ETSB for answering 911 calls for Highland right now. That money goes away once consolidation happens. We will also have to start paying for our connection to Madison County that serves our current records management and CAD system (which currently also provides our 911 service, so the ETSB pays for it now) which will be an additional \$8-10K/year post-consolidation. So to maintain the status quo year 1 post-consolidation, we would need to find about \$50K in new Highland money in addition to any new increases of owed salary, pension or insurance costs. To put that in perspective, during my tenure as chief I could not fill the LT position due to budget restrictions and I had to say no to a proposal from one of the officers for a K-9 program because the first year cost was roughly \$40K and I didn't have the money for it.

I then started calling agencies that have already been through consolidation. Swansea, Shiloh, Fairview Heights, O'Fallon, Bethalto and Maryville. We discussed their research, decisions, and implementation of their consolidations. None of these agencies kept a dispatch presence postconsolidation citing concerns about long-term financial viability and operational concerns about having officers serve two separate dispatch centers. The primary operational concern is that having separate centers for emergency and non-emergency, calls and/or officers could be forgotten or missed due to having 2 different centers responsible for dispatching the same officers/resources. Having 2 centers creates an additional point of failure in our emergency response system. This issue was highlighted in an IL Supreme Court case that was decided in 2016 (Coleman v. East Joilet FPD) where there was confusion and miscommunication between 2 separate dispatch centers that served the same area. The Supreme Court struck down the Public Duty Rule with this decision and is the single biggest operational factor against having 2 separate centers because of the liability knowingly created by having 2 centers.

I then called the Statewide 911 coordinator trying to locate an agency that had consolidated and actually kept their dispatch center, and the only one I found outside of the Chicagoland area was Chatham, IL. I called Chief Foli from Chatham and discussed their situation. Chatham actually consolidated prior to the State law taking effect, so they are not subject to the restrictions of the State law like we are, so how they are doing their procedures for calls, we are not allowed to do, but that is a much more in depth conversation into the nuances of the actual state law concerning consolidation than what we will get into tonight. Chief Foli was very blunt that the decision to keep their dispatch center was an emotional one and not backed by research or data. He also pointed out that as of April when we spoke, it had been approximately 7 years since they consolidated and they had downsized their police officers by 3 due to budget constraints, although he was hoping to get 2 back this year. I then asked about his staffing. Chatham is approximately 12500 population, answer about 15000 incidents a year and offers all of the same services we do in

Highland (electric, water, sewer, Fire/EMS). At the time, they were staffed at 15 officers and hoping to get back to 17. Highland is 10,000 population and we are staffed at 20 officers including the chief and School resource officer. This was eye opening to hear him say they had lost 3 officers in 7 years following consolidation. This account was confirmed by the Highland Dispatchers Union Rep who happens to live in Chatham and confirmed Chief Foli's version of events. A 24/7 dispatch center requires 6 employees minimum to cover time off, and is a fixed cost with legacy cost increases. Chatham staffs their current dispatch center identically to how we have historically staffed our center.

At this point I started looking at our operations and options. The current Madison County consolidation plan has our 911 calls going to Collinsville PD. Operationally this doesn't make sense with MADCO already dispatching all the departments around us both fire and police post-consolidation. So if we do nothing and just allow this to be imposed on us, our 911 calls go to Collinsville, this is not ideal.

So I opened a dialog with the Sheriff's Department about their taking over our dispatch operations. The county has a policy that requires an impact study for any new services, so we commissioned a study to determine the financial impact of the county taking on our dispatch responsibilities in addition to taking our 911 calls. We got that study back about a month ago and I shared it with both the union and a few of the officers who had requested the information as well. That study found that the county would take on about \$240K in both direct and indirect costs to take on our dispatch operations. In discussions with the county we think that because of how some calls are currently documented, there are potentially some double-counted calls (calls that currently go into County as 911 but we end up dispatching EMS or Fire, so the calls are documented both at the County and in Highland), but the numbers are not significant so we are considering setting a rate based on the study and then reevaluating the numbers after one full year once all ops are under one center, and then would be more accurate.

When I provided these numbers to the union and the officers who requested it, I also worked out the compounding interest impact for them. If the starting line is \$250K (remember we will have to pay for our connection post-consolidation) and \$500K to maintain the status quo, over 10 years that difference is almost \$400K using the federal rate of costing of a service of 4.2%/year to cover increases in all costs associated with a service. To put that in perspective, 3 years ago when I had to cut the LT position at the PD, the cost was going to be \$117K the first year, and I didn't have the money. Over 10 years, that comes out to 3 LT's positions.

So the questions became clear to me as it did with every other Chief who had to examine this issue. Do we want to spend our limited resources on local people answering phone calls? Or local people with guns, badges and radios physically

answering calls for the police? I think we can all agree we want the people with badges and guns answering calls and responding when needed.

Operationally we are looking to mirror what a few of the other communities are already doing. The benefit we have in going last is we get to learn from everyone else's mistakes. We are putting processes in place make sure that when your power goes out, you can report it to the electric department on-call (actually quicker by taking out the middle man), we already share a records management and computer aided dispatch system with county to track our officers and their safety. We designed the front reception area of the new public safety building knowing that consolidation would come during the life of the building, so we designed it to be able to offer access to all citywide systems and services in one location that is both safe and secure both for the citizens and the workers. We are working through these processes with our directors and staff now in preparation for the consolidation. We are also in discussions with County on potentially hiring 2 of our dispatchers if they desire to continue dispatching. I can assure the public that post-consolidation whether you call 911 or our non-emergency number, you will speak directly to a trained dispatch professional who will have the same direct radio contact with our officers, fire department and EMS and all the same access to the mapping technology our current dispatchers have.

None of this takes into consideration the increased costs associated with law enforcement that will be coming as a result of the new criminal justice reform legislation. This will increase costs for both operations, salary as we try to recruit qualified people, body cameras, and the substantial increase in insurance costs if the legislature decides to end qualified immunity for police this fall.

Consolidation is a complex issue with a lot of moving parts and is quite distressing for all concerned. I can assure you that nobody from me, the council, or any of the directors like where this law has led us, but I hope our citizens understand that I can't make a recommendation to the council that the data and research tells me will result in fewer cops on the street in the future.

If you have any more questions or would like to discuss further, please don't hesitate to reach out.

Thanks,

Chris

## INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED UPON PROCEDURES

City Council City of Highland Highland, IL 62249

Dear Council,

We have performed the procedures enumerated below on the accompanying Computation of Revenue Sufficiency of the City of Highland, Illinois for the year ended April 30, 2021. The City's management is responsible for the accompanying Computation of Revenue Sufficiency.

The City of Highland has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of computing revenue sufficiency. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

The City of Highland, Illinois, in accordance with Ordinance 2590, which authorized the issuance of the Sewerage System Alternate Revenue Bonds, must complete an analysis that computes that the pledged revenues from the sewer system, as defined by Ordinance 2590, exceeds 125% of the debt service requirements of all outstanding sewer system revenue bonds payable from pledged revenues. If the revenues exceed the 125% level, then the City can forego an increase in the rates charged for the use and services furnished through the City's sewer system. The attached Computation of Revenue Sufficiency indicates that the City has exceeded the 125% requirement stated above.

We were engaged by the City to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to, and did not, conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the accompanying Computation of Revenue Sufficiency. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the City of Highland, Illinois and is not intended to be and should not be used by anyone other than those specified parties. However, this report is a matter of public record and its distribution is not limited.

MEMO TO: Christopher Conrad, City Manager FROM: Kelly Korte, Director of Finance SUBJECT: Tax Abatements for Bonds

DATE: September 21, 2021

I have placed three ordinances on the upcoming council agenda. These Ordinances are needed in order to abate taxes for prior bond issuances for the 2021 taxes payable in 2022. I have also included sufficiency reports provided by the audit firm for each of these bonds. The sufficiency report for the 2019 FTTP bonds is for the council's information only and no tax abatement is required for this bond issue. If you should need further clarification, please do not hesitate to ask.

We have performed the procedures enumerated below on the accompanying Computation of Revenue Sufficiency of the City of Highland, Illinois for the year ended April 30, 2021. The City's management is responsible for the accompanying Computation of Revenue Sufficiency.

The City of Highland has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of computing revenue sufficiency. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

As requested by the City of Highland, Illinois, we have calculated the percentage of revenues over alternate bond debt service for the 2020 TIF Alternate Revenue Bonds.

The attached Computation of Debt Coverage indicates that the City of Highland, Illinois, has achieved an 104.15% of revenues over alternate bond debt service for the 2020 TIF Alternate Revenue Bonds.

We were engaged by the City of Highland to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to, and did not, conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the accompanying Computation of Revenue Sufficiency. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the City of Highland, Illinois and is not intended to be and should not be used by anyone other than those specified parties. However, this report is a matter of public record and its distribution is not limited.

#### AN ORDINANCE ABATING TAXES LEVIED FOR THE 2010 STREET BOND ALTERNATE REVENUE BOND AND INTEREST FOR THE 2021 TAXES PAYABLE IN 2022

WHEREAS, the City of Highland has heretofore, under and by virtue of the provisions of Ordinance Number 2436, levied a tax in the sum of \$535,000 for the 2021 taxes payable in 2022; and

WHEREAS, the City Council of this said City has determined and found that the said levy is not necessary to be made for the said fiscal year;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HIGHLAND, ILLINOIS AS FOLLOWS:

- 1. That the 2010 Street Bond Alternate Revenue Bond and Interest tax of \$535,000.00 levied by Ordinance No. 2436 for the 2021 taxes payable in 2022 be and is hereby abated.
- 2. That a true copy of this Ordinance shall be certified to the County Clerk of Madison County, Illinois.

#### INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED UPON PROCEDURES

City Council City of Highland Highland, IL 62249

Dear Council,

We have performed the procedures enumerated below on the accompanying Computation of Revenue Sufficiency of the City of Highland, Illinois for the year ended April 30, 2021. The City's management is responsible for the accompanying Computation of Revenue Sufficiency.

The City of Highland has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of computing revenue sufficiency. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

The City of Highland, Illinois, in accordance with Ordinance 2436, which authorized the issuance of the 2010 Street Alternate Revenue Bonds, must complete an analysis that computes that the pledged non-home rule sales tax revenue, as defined by Ordinance 2436, exceeds 125% of the debt service requirements. If the revenues exceed the 125% level, then the City can abate the assessment of tax on property to pay for the bonds. The attached Computation of Revenue Sufficiency indicates that the City has exceeded the 125% requirement stated above.

We were engaged by the City of Highland to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to, and did not, conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the accompanying Computation of Revenue Sufficiency. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the City of Highland, Illinois and is not intended to be and should not be used by anyone other than those specified parties. However, this report is a matter of public record and its distribution is not limited.

## City of Highland

### Finance Department

MEMO TO: Mayor Hemann and City Council Members

FROM: Kelly Korte, Director of Finance

SUBJECT: Recommendations for Health Insurance Package Renewal

DATE: September 24, 2021

#### **Health Insurance Plan:**

We are close to completing our sixth year of health care coverage with Cigna Healthcare which includes our participation in the Cigna Max Health Program. The benefits offered through this program are an ability to earn up to 100% of the surplus remaining following payment of all claims and a \$210 employee reward for completing wellness initiatives. At the end of the plan year November 2019 through October 2020, the City was paid \$58,699 as a result of this surplus arrangement. This surplus offsets the benefit costs that are expended by the City funds for health insurance coverage. It was also reported that our plan members have better than average utilization of low cost options when available, which contributes to keeping the renewal rate as low as possible. The initial renewal rate for the City to stay with our current provider was a 12% increase over the current year. Cornerstone began negotiations with our current provider resulting in Cigna updating their renewal rates to a 5.6% overall increase based on current enrollment levels for each plan option. It was decided to recommend proceeding with this updated renewal based on multiple factors, the impact to our employees being the most valued.

We are proposing to continue with the same plans (Base 6.83% increase, Buy-Up 6.49% increase and HSA 2.91% increase) as in the prior year. The employee and retiree premium costs were increased by the rate increase for each plan option noted above. One other change this year was a City cost share of 25% of any employee not currently under an approved cost share. This was done in an effort to reduce the employee's premium costs to keep the rates more comparable to other employees with negotiated cost shares. The cost shares, along with premium costs from prior years that have not been passed onto the employees, will be absorbed by the various city budgets in hopes that a surplus in the upcoming year will be realized to offset the increases. We are also proposing to contribute an amount to each HSA plan enrollee's health savings account to equalize the City cost per employee to the amount contributed for an employee in the base plan with the same dependent coverage. The HSA plan continues to be well received and create savings, as noted by the minimal increase noted in the renewal. We are hopeful that more employees will be able to benefit from this offering in each upcoming year.

We feel that it is in the City's best interest to continue with Cigna Healthcare and to continue efforts to inform, educate, and engage our employees in efforts to contain the health care costs for the City and members of the plan.

#### **Dental Insurance/Voluntary Vision and Life Insurance:**

Dental, Vision, and Employer Provided Life Insurance coverage will be transitioned from Guardian to Metlife. This move reduces the premiums for Dental and Vision by 9- 10% and increases a few plan benefits for dental and vision.

#### **Benefit Portal:**

We will continue to offer the online portal that can be used for employees wishing to modify their medical care plan option. Paper forms and personal conversations with employees will also be available as always, but this new offering with allow the renewal process to be implemented without the need for in person employee meetings, unless requested, or paper enrollment forms. It will offer access to complete any updates or simply access health insurance information from the employee's home or office computers. We are looking forward to utilizing this portal much more in each plan year for the convenience of our employees and retirees. An added benefit of this option is the reporting provided to the employees totaling the benefit costs that both they and the City contribute to. We plan to provide this report to all full time employees, regardless of their portal access, as a way to share valuable information with them.

#### **Recommendation Summary**

In summary, we are requesting your approval of the plan changes for the 2021-2022 plan year by continuing to obtain coverage from Cigna Healthcare and transitioning to Metlife for Dental, Vision and Life Insurance coverages. As always, voluntary supplemental offerings will also be offered at the employee's cost. If there are any questions or concerns, please let Chris or I know. We will also have representatives from The Cornerstone Insurance Group present at the council meeting.

## AN ORDINANCE DESIGNATING DEPOSITORIES FOR THE FUNDS AND MONEY OF THE CITY OF HIGHLAND, ILLINOIS

WHEREAS, the City Council of the City of Highland deems it advisable – in accordance with Section 3.1-35-50 of the Illinois Municipal Code (65 ILCS 5/3.1-35-50) – to designate depositories for the funds and money of the City of Highland, Illinois;

WHEREAS, the City Council of the City of Highland has determined that Section 17 of the State Treasurer Act (15 ILCS 505/17) permits the designation of the Illinois Funds – which funds are part of the Public Treasurer's Investment Pool established by the Treasurer of the State of Illinois – as a depository of the City of Highland, Illinois;

WHEREAS, the City Council finds it necessary to designate those persons, among its officers and employees, who shall have the authority, either singly or in combination, to consent to, and to direct, the expenditure, investment, or other transfer of the funds and money of the City of Highland, Illinois; and

WHEREAS, the City Council finds that, for the sake of promoting the efficient daily operation of the municipal government, it should approve a depository's making electronic transfers of funds and money – either between Accounts of the City of Highland, or for the making of legally permissible investments for the City of Highland, or for the payment of expenses of the City of Highland – upon the depository's receiving oral authorization or electronic authorization (by email or facsimile transmission) therefor from Director of Finance Kelly Korte or from Assistant Director of Finance Reanna Ohren;

NOW THEREFORE BE IT ORDAINED, by the City Council of the City of Highland, as follows:

- Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland.
- Section 2. FCB Highland Bank, Regions Bank, and the Illinois Funds (hereinafter collectively referred to as the "City's depositories") are designated as depositories of the funds and money of the City of Highland, Illinois.

- Section 3. The funds and money of the City of Highland, Illinois, deposited in the City's depositories may be withdrawn upon a properly authorized check, note, or written order of the City of Highland, Illinois.
- Section 4. A check, note, or written order for the withdrawal of the funds or money of the City of Highland shall be deemed to be properly authorized only if it is made in accordance with the restrictions set forth in the following subsections that are applicable to the Account or Accounts in question: namely,
  - 4(a). Checks drawn against the Operating Account and Payroll Account of this City shall be executed, with facsimile signatures of two individuals, by either the Mayor, City Clerk; City Treasurer, or City Manager, provided further, that, if such a check equals or exceeds Ten Thousand Dollars (\$10,000.00), the second signature must be a manual signature of one of the following persons: Mayor, City Clerk, City Treasurer or City Manager.
  - 4(b). Checks drawn against the Street Bond Account, the Motor Fuel Tax Account, the Foreign Fire Insurance Fund, TIF #2- Bond, Public Safety Facility Bond Fund, City of Highland, IL Series 2019 Debt Service Reserve Fund, American Rescue Plan Act Fund, and the Illinois Funds shall be executed by the manual signature of any two of the following: the Mayor, City Manager, and the Director of Finance.
  - 4(c). Checks drawn against the Cemetery Board of Managers Account shall be executed by the manual signature of any two of the following; the Treasurer of the Cemetery Board of Managers, the City Manager, and the Director of Finance.
  - 4(d) Checks drawn against the Police General Seizure Account and the Police Asset Forfeiture Account shall be executed with manual signatures by the Interim Chief of Police and the second signature must be a manual signature of the City Manager.
  - 4(e). The City Clerk shall certify to the City's depositories the manual or facsimile signatures of the authorized officers and employees identified in subsections 4(a), 4(b), 4(c), and 4(d) above.
  - 4(f). No check, draft, note, or written order drawn against any of the Accounts identified in subsections 4(a), 4(b), 4(c), and 4(d) above shall be valid unless signed or authorized in accordance with this ordinance.
- Section 5. The authorized officers and employees identified in subsections 4(a), 4(b), 4(c), and 4(d) above may file with the Secretary of State, of the State of Illinois, manual signatures, certified under oath. Each such authorized officer and employee (for the purpose of

placing his or her signature on a check, draft, note, or written order, as referred to in Section 4 above) may execute his or her signature manually, or, in lieu thereof, may cause his or her signature to be executed with a true and accurate facsimile signature.

Section 6. The City's depositories are authorized and directed to honor and to pay any check, draft, note, or written order drawn in accordance with the requirements of Section 4 above, regardless of (a) whether the check, draft, note, or written order is payable to the order of any such persons signing and/or countersigning the check, draft, note or written order, or (b) whether any such persons sign in their individual capacities or not, or (c) whether the check, draft, note or written order is deposited to the individual credit of the person so signing and/or countersigning the check, draft, note or written order or to the individual credit of any of the other officers or not.

Section 7. The City's depositories are authorized and directed to honor and to make electronic transfers of funds and money – either between Accounts of the City of Highland, or for the making of legally permissible investments for the City of Highland, or for the payment of expenses of the City of Highland – upon the depositories' receiving oral authorization or electronic authorization therefor *only from Director of Finance Kelly Korte or from Assistant Director of Finance Reanna Ohren*.

Section 8. The City of Highland, Illinois, may invest in Certificates of Deposit and other statutorily-allowed investments or securities at various banks (even though not among the City's depositories), and to sell, cash in or dispose of investments of the City, with proceeds to be payable to the City, provided (a) that the amount of the investment is fully covered by the FDIC or, to the extent not so covered, by legal collateral in accordance with Section 3.1-35-50(b) of the Illinois Municipal Code (65 ILCS 5/3.1-35-50(b)), and (b) that both the City Manager and Director of Finance authorize such investments (or the cashing in of such investments) by their manual signatures.

Section 9. This ordinance supersedes Ordinance #3102 dated May 3, 2021.

Section 10. This ordinance shall continue in force— and the City's depositories may consider the manual or facsimile signatures of the officers and employees designated in Section 4 above to be as set forth in the certification of the City Clerk, accompanying a copy of this

| ordinance when delivered to the City's depositories, or in any similar, subsequent certification - |

## A RESOLUTION APPROVING OWNER CHANGE ORDER NUMBER FOURTEEN FOR THE HIGHLAND PUBLIC SAFETY BUILDING, AND WAIVING COMPETITIVE BIDDING REQUIREMENT

WHEREAS, the City of Highland, Madison County, Illinois ("City"), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 *et seq*. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, City has determined there is a change order needed at the newly constructed City Public Safety Building ("PSB"), including a change to cabinetry in the shift commanders closet to accommodate a weapons safe (*See Exhibit A*; "Owner Change Order Number Fourteen (14)"); and

WHEREAS, City has determined Owner Change Order Number Fourteen (14), comprised of the aforementioned request, will add zero dollars in additional costs to the PSB Project because it was part of the original Contract and accounted for under the Owner Contingency (*See Exhibit A*); and

WHEREAS, City has determined the pricing for Owner Change Order Number Fourteen (14), \$1,306.91 (See Exhibit A), can only be guaranteed for a short time, so time is of the essence; and

WHEREAS, City has determined it necessary to waive the competitive bidding requirement for this job and authorize Owner Change Order Number Fourteen (14) (**Exhibit A**); and

WHEREAS, City has determined it is in the best interests of public health, safety, general welfare and economic welfare to approve Owner Change Order Number Fourteen (14) (**Exhibit A**); and

WHEREAS, City Council finds that the Mayor and/or City Manager should be authorized and directed, on behalf of City, to execute any documents required to approve Owner Change Order Number Fourteen (14).

### City of Highland 1115 Broadway, PO Box 218 Highland, IL 62249

**To**: Honorable Mayor Hemann and City Council

**From**: Chris Conrad- City Manager

Date: September 29, 2021

**Re**: Owner Change Orders 14 and 15 for the Public Safety Building Project

I am submitting for your consideration and approval 2 change orders (OCO 14 and 15) for the Public Safety Building Project.

The first concerns Owner Change Order 14 which is a change order that falls under our Owner Contingency of the contract, so no additional cost to the City. This change order concerns a change to cabinetry in the shift commanders closet to accommodate a weapons safe. The cabinet that was there was reused in a storage area, and new smaller cabinet was ordered to accommodate space for our gun safe.

The second change order is Owner Change Order 15 which is a change above the contract amount. The change in this change order is additional lightening protection for the additional equipment put on the roof with regard to the stand-alone HVAC system for the rack room to accommodate the increased equipment going in that room. This cost is **\$2,110.19** 

The total cost for this change order is **\$2,110.19**, and we recommend the approval of this change order. This change order combined with the previous above contract price change orders brings the total contract price to **\$228,525.55**. So our current total change order amount for the building remains at 3% of the project price with several of the change orders items we had intended to purchase outside of the contract or where functional additions (like the epoxy flooring). Change orders currently being discussed that pertain to the construction contract total \$14,820.00, and these are

### City of Highland

1115 Broadway, PO Box 218 Highland, IL 62249

some unforeseen conditions that have been discovered as we complete the building.

**Budget Impact:** Our original budget for this project was \$7.1 million dollars with the source of the funds being the debt certificate proceeds and police department reserves which had been set aside for this project over many years. With this change order and other authorized purchases thus far, we have committed to \$7,140,460.19 in expenses.

I met with Finance Director Korte, Officer Bland, Chief Wilson and Jackie Heimburger about remaining incidental expenses such as additional electronic equipment, minor security fencing, a storage trailer, landscaping, etc. We had set for ourselves a hard number of \$700,000.00 in PD reserves of which we would not go below on this project. That is 3 months of operational expenses for the police department based on the current budget and is the reserve level we strive to maintain for all departments. Using this as a guide for the remaining incidental expenses, we expect to go over the original \$7.1-million-dollar budget by \$165,000.00, or roughly 2% of total project costs. We are very pleased with that number especially when roughly half of that overage is the epoxy flooring and the above mentioned HVAC system which add significant value to the building's intended purpose. We just received our first disbursement of the ARPA funds, and believe that the cost of the additional HVAC system for the additional equipment in the rack room will be a reimbursable expense which will add about \$25K back to the PD reserves.

We are working towards taking possession on October 1. A rough move-in date could be as early as mid-October depending upon the delivery of certain items and completion of work by our own staff once we have possession.

Said parcel contains 25,461 square feet or 0.5845 acre, more or less.

(the "Property").

### **II. Prorations and Adjustments**. The following prorations and adjustments shall be made at Closing:

- a. Taxes. All ad valorem real estate taxes ("Taxes") imposed on the Property for the year in which Closing occurs and any prior years which are not yet due and payable shall be prorated and adjusted to the Closing Date, hereinafter defined, based on the latest information available with respect to Taxes. All prorations will be on the basis of a 365-day year with the Closing Date being charged to Donee. The Taxes which are charged to Donee pursuant hereto shall be a Permitted Encumbrance, as defined below; and Donee shall be responsible for the payment of such Taxes when they become due. Any Taxes owed on the Property on the Closing Date, any tax liens assessed to the Property on the Closing Date, or any other tax related encumbrances on the Property shall be the responsibility of Donor and shall be paid prior to the Closing Date and according to this Agreement.
- b. Release of Encumbrances. Donor shall convey to Donee good, marketable, and insurable fee simple title to the Property, free and clear of all liens and encumbrances, subject only to: (i) the lien of taxes not yet due and payable, (ii) all matters shown in public records, (iii) any matter that is waived or not timely objected to by Donee that is shown on the Commitment (defined below), (iv) any matter that is waived or not timely objected to by Donee that would be shown by a current and accurate survey and/or inspection of the Property, (v) any matter created by or arising from an act, omission or acquiescence of Donee, its employees, agents, contractors or subcontractors; (vi) any lien or encumbrance relating to general or special assessments; (vii) any other matters of title to which Donee expressly consents to in writing. Each item listed shall be a "Permitted Encumbrance" and shall be collectively referred to as the "Permitted Encumbrances." Other than the Permitted Encumbrances, on or before Closing, Donor shall cause, at Donor's cost, any and all Taxes, assessments, liens, security interests, mortgages or deeds of trust and other encumbrances affecting the Property that were not caused by Donee ("Donor Encumbrances"), to be satisfied and released, unless they are assumed by Donee at Closing. The proceeds due at Closing may be applied to satisfy or pay any such Donor Encumbrances.
- c. Expenses. Donor shall be responsible to pay for all expenses in connection with the payment of any Donor Encumbrances and recording costs to release any

Donor Encumbrances, Donor's attorneys' fees, real estate transfer or documentary taxes, and customary escrow or closing fees charged by the Title Company.

Donee shall be responsible to pay for the recording fee for the deed, Donee's attorney's fees, the customary escrow or closing fees charged by the Title Company, Donee's title insurance endorsements, if any, Donee's lender's policy of title insurance and any endorsements thereto, if any, Donee's tests and inspections, Donee's survey, the premium for Donee's basic owner's policy of title insurance in the amount of the appraised amount, and such other expenses provided to be paid by Donee herein.

### DONEE AGREES TO PAY ALL CLOSING COSTS ASSOCIATED WITH THIS REAL ESTATE TRANSACTION.

- III. Items to be delivered to Donee. After purchase of the Property, Donor shall deliver to Donee, in the form of photocopies of executed originals, any documents related to the Property that Donor is aware of and able to locate ("Donor Documents"). Donee acknowledges and agrees that Donor acquired the Property years ago and, as a result, Donor may not be aware of the location or existence of some or all of the Donor Documents. Based on this information, Donee acknowledges and agrees that Donor will be deemed to have complied with this Section if Donor provides to Donee the Donor Documents that are known to exist, if any, by Donor after purchase of the Property, and without any obligation or duty being imposed on Donor to investigate or to confirm the accuracy or completeness of the Donor Documents.
- IV. Investigation of the Property. From and after the date that this Agreement is signed by the last party hereto, Donor grants to Donee and its agents and representatives access to the Property for the sole purpose of conducting a complete physical inspection of the Property including, without limitation, preparation of boundary line, spot and topographical surveys, soil sampling and boring tests, and such other engineering, environmental, and mechanical inspections and investigations as Donee may reasonably require (collectively, "Investigations").

Donee shall indemnify, protect, defend and hold harmless the Donor against all mechanic's liens and other claims, demands, causes of action, liens, fines, damages, losses, costs and expenses (including attorneys' fees and litigation costs) and all other liabilities asserted against or incurred by the Property or Donor's ownership therein in connection with Donee's entry upon the Property or Donee's inspection, surveying, test borings or other work performed by or through Donee and Donee shall restore the Property to substantially the same condition as in which it existed prior to such Investigations. The Donee shall pay for all inspections and reports ordered by Donee, promptly; and shall not allow any liens to be filed against the Property. For purposes of Donee's indemnification of Donor described herein, the term "Donee" shall mean any agent, broker, contractor, employee, or representative of Donee. This provision shall survive Closing or other termination of this Agreement.

- <u>V.</u> <u>Contingencies</u>. In addition to any other conditions set forth in this Agreement, Donee's acceptance of the Property shall be subject to the fulfillment of the following items by Donee on or before thirty (30) business days from execution of this contract and any and all required action(s) by City (the "Contingency Date") (each a "Contingency" and collectively, the "Contingencies"):
  - a. <u>Title Commitment/Examination</u>. Donee, at Donee's cost and expense, may order a title search and commitment for title insurance ("Commitment") on the Property, together with complete copies of all exception documents to title ("Exceptions") from Title Company. Donee shall notify Donor, in writing on or prior to the expiration of the Contingency Date, if the Commitment reveals any Exceptions which are unacceptable to Donee; otherwise said Commitment shall be deemed approved and such Exceptions shall be deemed Permitted Encumbrances to which the deed conveying the Property to Donee shall be subject.
  - <u>b.</u> <u>Physical Inspection</u>. Donee shall be satisfied with the results of the Investigations. Donee shall notify Donor, in writing, of any condition disclosed during its Investigations that is not satisfactory to Donee and Donor shall have thirty days (30) days to cure such condition, with the Contingency Date automatically extended for such period, if cure is undertaken.
  - c. Survey. Donee, at its sole cost and expense, may order a survey of the Property (the "Survey"). Donee shall notify Donor, in writing on or prior to the expiration of the Contingency Date, if the Survey reveals any matter(s) affecting the Property unacceptable to Donee, including, but not limited to, discrepancies in the legal description on the Survey as compared to the legal description recorded in the chain of title, verification of the total acreage of the Property, the Property boundary lines, and the location of all recorded easements and other encroachments, if any, the location of the improvements on the Property, and any other considerations deemed necessary by Donee. Donee shall notify Donor, in writing, if the Survey reveals any encroachments or other survey conditions which are unacceptable to Donee. If Donee fails to provide written notice of its objection to any items, prior to the expiration of the Contingency Date, to Donor that (i) are disclosed on the Survey, or (ii) would have been disclosed on a survey of the Property if Donor would have secured a survey, such items shall be Permitted Encumbrances.
  - d. <u>Permitted Use</u>. Donee shall determine the existing zoning and other governmental regulations that permit the use of the Property for Donee's intended use.

If Donee does not give written notice to Donor on or before the Contingency Date that any one of the Contingencies has not been satisfied, then Donee's obligation under this Agreement shall be enforceable by Donor pursuant to the terms set forth herein.

If Donee does give written notice to Donor on or before the Contingency Date that any one of the Contingencies has not been satisfied, and Donor fails to cure the Contingency prior to the Closing date, this Agreement shall be terminated and be of no further force or effect, except for Donee's obligations and indemnity as stated herein.

### VI. Closing

- a. Place and Closing Date. Subject to the terms of this Agreement, the closing of the purchase and sale of the Property ("Closing") shall take place at Highland Community Title or Highland City Hall, on or before November 1, 2021, or after all Contingencies are waived by Donee ("Closing Date"), or on a mutually agreed to date.
- <u>b.</u> Donee waives any claim to contingencies or any right to the Contingency Date on the Closing Date as stated herein. In all instances, the Closing Date and Contingency Date shall be the same date.
- <u>c.</u> <u>Possession</u>. Donor shall deliver possession of the Property to Donee at Closing and shall remove all personal property that will be retained by Donor at that time.
- <u>d.</u> <u>Donor's Obligations at Closing.</u> At Closing, Donor shall execute and acknowledge in recordable form if necessary, the following documents (collectively, "Donor's Obligations") upon satisfaction of Donee's Obligations (as defined below):
  - 1. <u>Deed.</u> A Special Warranty Deed conveying fee simple title of the Property to Donee, subject to the Permitted Encumbrances.
  - 2. P-Tax Declaration. Execute along with Donee, an Illinois Transfer Tax Declaration Form.
  - 3. <u>Donor's Plat Act Affidavit</u>. A commercially reasonable Donor's Plat Act Affidavit.
  - <u>4. Affidavit of Non-Production and Non-Development.</u> A commercially reasonable Donor's Affidavit of Non-Production and Non-Development.
  - 5. Non-Foreign Donor Affidavit. An affidavit of Donor in form and substance satisfactory to Donee setting forth Donor's United States taxpayer identification number and certifying that Donor is not a foreign person as that term is used and defined in Section 1445 of the United States Internal Revenue Code.
  - <u>6.</u> <u>Miscellaneous</u>. Any other documents reasonably required by this Agreement, or Donee to be delivered by Donor or necessary to implement and effectuate the Closing hereunder, including without limitation, a settlement statement, or

other documents, consents, and approvals from Donor and any Tenant under any lease being assumed by Donee satisfactory to Donee.

- e. <u>Donee's Obligations at Closing</u>. At Closing, Donee shall, in addition to any other obligations of Donee as set forth in this Agreement, execute and deliver the following items to Donor, as the case may be (collectively, "Donee's Obligations"):
  - 1. P-Tax Declaration. Execute along with Donor an Illinois Transfer Tax Declaration.
  - <u>2.</u> <u>Deed.</u> Acknowledge and accept a copy of Donor's Special Warranty Deed conveying fee simple title of the Property to Donee, subject to the Permitted Encumbrances.
  - 3. <u>Miscellaneous</u>. Any other documents reasonably required by this Agreement, or Donor to be delivered by Donee or necessary to implement and effectuate the Closing hereunder, including, without limitation, a settlement statement, or other documents, consents, and approvals from Donee satisfactory to Donor.
- <u>VII.</u> <u>Notices</u>. Any notice, request, approval, demand, instruction or other communication to be given to either party hereunder, except those required to be delivered at Closing, shall be in writing, and shall be conclusively deemed to be delivered when personally delivered, emailed, or when transmitted by telefax to the applicable telefax number followed with mailing by regular United States mail, addressed as follows:

### VIII. Additional Covenants.

a. Brokerage. Donor and Donee each hereby represent and warrant to the other that neither has dealt with any broker or finder in connection with the transaction contemplated hereby, and each hereby agrees to indemnify, defend and hold the other harmless against and from any and all manner of claims, liabilities, loss, damage, attorneys' fees and expenses, incurred by either party and arising out of, or resulting from, any claim by any such broker or finder in contravention of its representation and warranty herein contained.

### IX. AS IS.

a. DONEE ACKNOWLEDGES AND AGREES THAT DONOR HAS NOT MADE, DOES NOT MAKE, AND SPECIFICALLY NEGATES AND DISCLAIMS ANY REPRESENTATIONS, WARRANTIES (OTHER THAN THE WARRANTY OF TITLE), PROMISES, COVENANTS, AGREEMENTS OR GUARANTIES OF ANY KIND OR CHARACTER WHATSOEVER, WHETHER EXPRESSED OR IMPLIED, ORAL OR WRITTEN, PAST, PRESENT OR FUTURE, OF, AS TO. CONCERNING OR WITH RESPECT TO (I) THE VALUE, NATURE, QUALITY OR CONDITION OF THE PROPERTY, INCLUDING, WITHOUT LIMITATION, THE WATER, SOIL AND GEOLOGY; (II) THE INCOME TO BE DERIVED FROM THE PROPERTY; (III) THE SUITABILITY OF THE PROPERTY FOR ANY AND ALL ACTIVITIES AND USES WHICH DONEE OR ANYONE ELSE MAY CONDUCT THEREON; (IV) THE COMPLIANCE OF THE PROPERTY OR ITS OPERATION WITH ANY LAWS, RULES, **ORDINANCES** OR REGULATIONS OF ANY APPLICABLE GOVERNMENTAL AUTHORITY OR BODY; (V) THE HABITABILITY, MERCHANTABILITY, MARKETABILITY, PROFITABILITY OR FITNESS FOR A PARTICULAR PURPOSE OF THE PROPERTY; (VI) THE MANNER OR QUALITY OF THE CONSTRUCTION OR MATERIALS, IF ANY, INCORPORATED INTO THE PROPERTY; (VII) THE MANNER, QUALITY, STATE OF REPAIR OR LACK OF REPAIR OF THE PROPERTY; OR (VIII) ANY OTHER MATTER WITH RESPECT TO THE PROPERTY, AND, SPECIFICALLY, THAT DONOR HAS NOT MADE, DOES NOT MAKE AND SPECIFICALLY DISCLAIMS ANY REPRESENTATIONS REGARDING **COMPLIANCE** WITH ANY **ENVIRONMENTAL** PROTECTION, POLLUTION, ZONING OR LAND USE LAWS, RULES, REGULATIONS, ORDERS OR REQUIREMENTS, INCLUDING THE EXISTENCE IN OR ON THE PROPERTY OF HAZARDOUS MATERIALS EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT. DONEE FURTHER ACKNOWLEDGES AND AGREES THAT, HAVING BEEN GIVEN THE OPPORTUNITY TO INSPECT THE PROPERTY, DONEE IS RELYING SOLELY ON ITS OWN INVESTIGATION OF THE PROPERTY AND NOT ON ANY INFORMATION

PROVIDED OR TO BE PROVIDED BY DONOR ITS AGENTS, BROKERS, CONTRACTORS, OR EMPLOYEES. DONEE FURTHER ACKNOWLEDGES AND AGREES THAT ANY INFORMATION PROVIDED OR TO BE PROVIDED WITH RESPECT TO THE PROPERTY WAS OBTAINED FROM A VARIETY OF SOURCES; THAT DONOR HAS NOT MADE ANY INDEPENDENT INVESTIGATION OR VERIFICATION OF INFORMATION; AND THAT DONOR MAKES NO REPRESENTATIONS AS TO THE ACCURACY OR COMPLETENESS OF SUCH INFORMATION. DONOR IS NOT LIABLE OR BOUND IN ANY MANNER BY ANY VERBAL OR WRITTEN STATEMENTS, REPRESENTATIONS, OR INFORMATION PERTAINING TO THE PROPERTY, OR THE OPERATION THEREOF. FURNISHED BY ANY REAL ESTATE BROKER, AGENT, EMPLOYEE, SERVANT, OR OTHER PERSON. DONEE FURTHER ACKNOWLEDGES AND AGREES THAT, TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE SALE OF THE PROPERTY AS PROVIDED FOR HEREIN IS MADE ON AN "AS-IS" CONDITION AND BASIS WITH ALL FAULTS. ALL PROVISIONS OF THIS SUBSECTION SHALL SURVIVE CLOSING OR THE TERMINATION OF THIS AGREEMENT WITHOUT CLOSING, AS APPLICABLE.

### X. Litigation.

a. Governing Law. This agreement shall be governed by and construed in accordance with the laws of the State of Illinois. The parties hereby consent to the exclusive jurisdiction of the State of Illinois and hereby consent and agree that any action or proceeding involving the interpretation of, enforcement of, or in any way relating to this agreement shall be brought in the Circuit Court in Madison County, Illinois.

### XI. Defaults and Remedies

- a. <u>Default by Donor</u>. In the event that Donor shall have failed to have timely performed any of Donor's Obligations, covenants, and/or agreements contained herein which are to be performed by Donor, then Donee, at its option and as its sole and exclusive remedy, may either: (i) specifically enforce the provisions of this Agreement; or (ii) cancel and terminate this Agreement.
- <u>b.</u> <u>Default by Donee</u>. In the event that Donee shall have failed to have timely performed any of Donee's Obligations, covenants, and/or agreements contained herein which are to be performed by Donee, then Donor, at its option and as its sole and exclusive remedy, may either: (i) specifically enforce the provisions of this Agreement; or (ii) cancel and terminate this Agreement.

### XII. Miscellaneous

a. <u>Binding Effect</u>. This Agreement is binding upon and inures to the benefit of the parties hereto and their respective heirs, legal representatives, executors, administrators,

- successors and assigns. This Agreement may not be assigned by Donee without the written approval of Donor.
- <u>b.</u> <u>Donor and Donee Defined</u>. The words "Donor" and "Donee" as used herein shall include all individuals, partnerships, limited liability companies, corporations, municipalities, public entities, any business entities of any kind, or any other entities whatsoever, as may be applicable to describe the parties to this Agreement.
- <u>c.</u> Exhibits/Time Periods. Any reference herein to any exhibits, addenda or attachments refers to the applicable exhibit, addendum, or attachment that is attached to this Agreement, and all such exhibits, addenda or attachments shall constitute a part of this Agreement and are expressly made a part hereof. If any date, time period or deadline hereunder falls on a weekend or a state or federal holiday, then such date shall be extended to the next occurring business day.
- d. Agreement Separable. If any provision hereof is for any reason held to be unenforceable or inapplicable, the other provisions hereof will remain in full force and effect in the same manner as if such unenforceable or inapplicable provision had never been contained herein, and any such unenforceable provision shall be reformed to, as nearly as possible, reflect the parties' intent in an enforceable manner.
- <u>e.</u> Counterparts. This Agreement may be executed in several counterparts, via email, and/or via facsimile, and all such executed counterparts shall constitute the same agreement. It shall be necessary to account for only one such counterpart in proving this Agreement. The parties further agree that signatures transmitted by email, facsimile, or in Portable Document Format (pdf) may be considered an original for all purposes, including, without limitation, the execution of this Agreement and the enforcement of this Agreement.
- <u>f.</u> <u>Governing Law</u>. This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois.
- g. Fees. In the event of any dispute between the parties arising in connection with the subject matter of this Agreement, the party prevailing on the merits in any resulting action, mediation, arbitration, proceeding, or litigation shall be entitled to recover from the other party all fees, costs, and expenses including, without limitation, attorneys' fees, consultants' fees, and litigation costs, incurred in connection therewith.
- h. Entire Agreement. This Agreement constitutes the entire agreement between Donor and Donee, and, except for any addenda attached hereto, there are no other covenants, agreements, promises, terms and provisions, conditions, undertakings, or understandings, either oral or written, between the parties concerning the Property other than those herein set forth. No subsequent alteration, amendment, change, deletion or addition to this Agreement shall be binding upon Donor or Donee unless in writing and signed by both Donor and Donee. No subsequent amendment or change to an addendum shall be binding, unless signed by both parties.

- i. <u>Construction</u>. This Agreement shall not be construed more strictly against one party than against the other merely by virtue of the fact that it may have been prepared by one of the parties or party's brokers, it being recognized that both Donor and Donee have contributed substantially and materially to the preparation and/or negotiation of this Agreement.
- j. Compliance with Laws, Regulations, and Accreditation. Donee and Donor believe and intend that this Agreement complies with all relevant federal and state laws as well as relevant regulations. Should Donor or Donee have a good faith belief that this Agreement creates a material risk of violating any such laws or regulations, or any revisions or amendments thereto made prior to the Closing, Donor or Donee shall give written notice to the other party regarding such belief. The parties shall then make a good faith effort to reform the Agreement to comply with such laws and regulations. If, within thirty (30) days of Donor or Donee first providing notice to the other party of the need to amend this Agreement to comply with the laws and regulations, the parties, acting in good faith, are (i) unable to mutually agree upon and make amendments or alterations to this Agreement to meet the requirements in question, or (ii) alternatively, the parties determine in good faith that amendments or alterations to the requirements are not feasible, then either may terminate this Agreement upon thirty (30) days prior written notice.
- XIII. Acceptance of Contract. Donee and Donor intend to execute this Agreement prior to Donee obtaining the approvals necessary to give force and effect to this Agreement. Donee represents that this Agreement must be passed by Ordinance and by the affirmative vote of 2/3 of the corporate authorities then holding office. Neither Donee nor Donor shall have any obligation under this Agreement until Donee has obtained all necessary approvals to this Agreement having full force and effect; and, if such approvals have not been obtained by Donee prior to July 1, 2021 this Agreement shall have no force or effect unless an extension is agreed to by both parties.

### XIV. Reversion of Donated Parcel Should Parcel Not Be Used as a Public Street.

Donor is donating the Property in consideration of the Property being developed into a public street by Donee. If the Property donated by Donor according to the Agreement is not developed into a public street within the next fifty (50) years, the Property may revert to Donor with all improvements. This right to reversion shall exist between Donor and Donee only and shall not be assigned without written consent from both parties. This right of reversion shall be reflected and noted on the deed of conveyance of the Property by Donor to Donee.

### XV. Ingress and Egress Easement.

Donor is granted an ingress and egress easement with the ability to curb cut from the Property in accordance with the Ordinances of the City of Highland, Illinois ("Access

Easement"). The Access Easement shall run the length of the Property and shall give Donor easement access from the new public road onto Donor's property.

### XVI. Deed Restrictions.

Donor and Donee agree the Property is donated according to the following deed restrictions ("Deed Restrictions"):

- 1. The Property (which term includes any improvements that may be located thereon in the future) shall not be used to operate any healthcare facilities or to provide the following hospital or healthcare services, including, but not limited to any of the following: (a) short-term or long-term hospital, (b) urgent care center, (c) ambulatory surgery center, (d) cardiology center or catheterization laboratory, (e) orthopedics center, (f) cancer center, (g) dialysis center, (h) occupational therapy, speech therapy, language pathology or physical therapy center, (i) radiology or imaging center (including, but not limited to, magnetic resonance imaging (MRI), computerized tomography (CT), diagnostic ultrasound, mammography, bone density, PET-CT, or fluoroscopy center), (i) reproductive medicine center, (k) sleep center, (1) vision or dental center, (m) assisted living facility, skilled nursing facility or nursing facility, (n) rehabilitation or transitional care facility, (o) in-patient hospice center, (p) wellness or fitness center, (q) pharmacy, (r) invasive and/or intravascular procedures (s) osteoporosis screening services, (t) emergency or urgent care services, (u) any procedure involving the administration of a radiopharmaceutical for diagnosis, therapy or research (nuclear medicine), (v) any procedure requiring anesthesia which must be administered by an anesthesiologist or certified registered nurse anesthetist (CRNA) or other trained anesthetist; (w) medical office building used by physicians, nurses or healthcare professionals to see patients requiring medical attention; or (x) laboratory.
- 2. The Property shall not be used, without limitation, for any of the following (as these terms are understood within the Ethical and Religious Directives for Catholic Health Care Services, 6th ed.): (i) abortion procedures, (ii) family planning, pregnancy center or any form of healthcare delivery that offers or assists in the performance of abortion procedures, (iii) procedures related to embryonic stem cell harvesting, human cloning, or cryopreservation of human embryos, or (iv) physician assisted suicide or euthanasia.
- 3. The Property shall not be used for or as any of the following: (a) the sale of alcoholic beverages (where the sale of alcohol is the primary purpose), (b) the sale of tobacco (where the sale of tobacco is the primary purpose), (c) the sale of marijuana or any related products, (c) head shop store or any store that sells drug-related paraphernalia, (d) gambling activities that involve games of chance, (e) massage parlor, (f) adult book store, (g) peep show store, (h) adult entertainment establishment, (i) erotic dance establishment, (j) any store or club that sells pornographic materials, nude photos, sexual devices, magazines, videos, tapes or objects depicting nudity or sexual activity, (k) tattoo parlors, or (l) any store or club whose activities include the display of partially or totally nude males or females

(whether topless or bottomless). The prohibition in Section 3(e) of these Deed Restrictions is not intended to prevent the Property from being operated as a business that includes spa or massage therapy services. The prohibition in Section 3(l) of these Deed Restrictions is not intended to prevent the Property from being operated as a public or private pool.

- 4. The restrictions and covenants imposed on the Property pursuant to the terms and provisions hereof shall be binding upon the Donee and all present and future owners, users and occupants of the Property and shall inure to the benefit of the Donor, and its successors and assigns and shall run with and bind the Property. All covenants, restrictions and agreements of Donor and Donee hereunder, together with the benefits and burdens thereof shall be deemed to be real covenants which touch and concern the Property.
- 5. In addition to any and all other rights and remedies to which it may be entitled hereunder, at law or in equity, in the event of a breach or attempted breach of any of the restrictions or covenants set forth in this Deed on the part of any owner, user or occupant of all or any part of the Property or any improvements from time to time located thereon, Donor shall be entitled to the remedy of specific performance and injunctive relief in connection therewith and be permitted to recover all amounts expended in connection with exercising any such remedy (including, without limitation, court costs and attorneys' fees). Any breach hereunder on the part of Donee or its successors and assigns would cause immediate and irreparable harm and damage to Donor for which the remedy of monetary damages would be insufficient, inadequate and incomplete and impossible to quantify accurately. No failure by Donor to insist upon the strict performance of any term hereof or to exercise any right, power or remedy consequent upon a default shall constitute a waiver of any such right or remedy or any such term set forth herein. Any terms, provisions or restrictions in this Deed that are found to be in violation of the law or deemed to be unenforceable shall be severed from this Deed, shall be deemed to be null and void, and shall not affect the validity of any other term or provision of this Deed.

### **TERMS**

When used below, the term "we" and "our" refers to Oates Associates, Inc. and its consultants, stockholders, agents and employees. The term "you" and "your" refers to the person or entity to whom this proposal is addressed.

### **PAYMENT PROVISIONS**

We will bill you monthly for services and reimbursable expenses. Our invoices are due and payable within 30 days of issuance. If invoices are not paid when due, we will stop work on the project until paid. In addition, a late charge of 1-1/2% per month will be assessed on invoices not paid within 30 days.

We will bill you for any direct costs we incur in the prosecution of this work. Direct costs may include subconsultants we contract to perform a portion of our scope. Reimbursable expenses will also include any out of pocket costs directly related to this project. Basis for billings of reimbursable expenses will be actual cost.

The above financial arrangements are on the basis of prompt payment of our bills and the orderly and continuous progress of the Project. We would expect to start our services promptly after receipt of your acceptance of this proposal. If there are protracted delays for reasons beyond our control, we would expect to negotiate with you an equitable adjustment of our compensation taking into consideration the impact of such delay including but not limited to changes in price indices and pay scales applicable to the period when services are in fact being rendered.

### **GENERAL LIABILITY AND LIMITATION THEREOF**

We agree to hold you harmless and to indemnify you on account of any liability due to bodily injury or property damage arising directly out of our negligent acts, but such hold harmless and indemnity will be limited to that covered by our comprehensive general liability insurance. At your request, we will provide certificates evidencing such coverage and, if available, will purchase additional limits of liability that you may require as a separate cost item to be borne by you.

### LIMITATION OF LIABILITY

You recognize that our fee includes an allowance for funding a variety of risks which are imposed on us by virtue of our involvement in and association with your project. One of these risks stems from the potential for human error. In order for you to obtain a reduction in fee by virtue of a smaller allowance for risk funding, you agree to limit our professional liability to you for any and all claims, losses, expenses, injuries or damages (including consequential damages) to the extent caused by our professional acts, errors, or omissions, such that our total aggregate liability to you shall not exceed the total compensation received by us under this agreement, or the sum of \$50,000, whichever is greater. If you wish to discuss higher limits and the charges involved, you should speak with our personnel.

### THIRD PARTY CLAIMS

Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either you or us. Our services under this Agreement are being performed solely for your benefit, and no other entity shall have any claim against us because of this Agreement or the performance or nonperformance of services hereunder. You agree to include a provision in all contracts with contractors and other entities involved in this project to carry out the intent of this paragraph.

### **GENERAL CONDITIONS (continued)**

### OWNERSHIP AND USE

Upon full payment of all sums due or anticipated to be due us under this Agreement and upon performance of all your obligations under this Agreement, the latest original Drawings and Specifications and the latest electronic data prepared by us for the Project shall become your property. This conveyance shall not deprive us of the right to retain electronic data or other reproducible copies of the Drawings and Specifications or the right to reuse information contained in them in the normal course of our professional activities. We shall be deemed the author of such electronic data or documents, shall retain all rights not specifically conveyed, and shall be given appropriate credit in any public display of such Drawings and Specifications. We will, however, retain ownership and possession of original recorded plats.

You will not use or authorize any other person to use the Drawings, Specifications, electronic data and other instruments of service on other projects, for additions to this Project or for completion of this Project by others so long as we are not adjudged to be in default under this Agreement. Reuse without our professional involvement will be at your sole risk and without liability to us. You agree to indemnify and hold us and our subconsultants or agents harmless from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of unauthorized reuse of Drawings, Specifications, electronic data or other instruments of service.

### TIMING OF STANDARDS

We endeavor to perform our services in accordance with standards, building codes, and ordinances in effect at the time of service using that level of care and skill ordinarily exercised by members of the profession currently practicing in the same or similar locality and under similar conditions. You understand that these standards and level of care and skill change with time and that substantially delayed use of our documents without our involvement is at your own risk.

### TERMINATION, SUSPENSION OR ABANDONMENT

You recognize that if you terminate, suspend or abandon this project we will incur many costs which we would not have incurred had the project continued to completion. Therefore it is agreed that an equitable adjustment to our compensation shall include but not be limited to all reasonable costs incurred by us on account of suspension or abandonment of the Project, for preparation of documents for storage; maintaining space and equipment pending resumption; orderly demobilization of staff; maintaining employees on a less than full-time basis; terminating employment of personnel because of suspension; rehiring former employees or new employees because of resumption; reacquainting employees with the Project upon resumption; and making revisions to comply with Project requirements at the time of resumption.

### **DISPUTE RESOLUTION**

In an effort to resolve any conflicts that arise during the design or construction of the Project or following the completion o the Project, you and we agree that all disputes between us arising out of or relating to this Agreement or the Project shall be submitted to non-binding mediation unless the parties mutually agree otherwise.

### **UNFORESEEN CONDITIONS**

Our services may be provided to assist you in making changes to an existing facility for which you shall furnish documentation and information upon which we may rely for its accuracy and completeness. Unless specifically authorized or confirmed in writing by you, we shall not be required to perform or to have others perform destructive testing or to investigate concealed or unknown conditions.

### RELIANCE ON INFORMATION

In the event documentation or information furnished by you is inaccurate or incomplete, all resulting damages, losses and expenses, including the cost of our Additional Services, shall be borne by you. You shall indemnify and hold harmless Oates Associates, Inc. our subconsultants, and agents and employees of any of them from and against claims, damages, losses and expenses, including but not limited to attorneys' fees, which arise as a result of documentation or information furnished by you.

### **CONSTRUCTION MEANS AND METHODS**

Performance of our services does not imply liability by us for Contractor means, methods, techniques, sequences or procedures of construction selected by Contractor or safety precautions and programs incident to the work of Contractor or for any failure of Contractor to comply with laws, rules, regulations, ordinances, codes or orders applicable to Contractor furnishing and performing their work. Accordingly we can neither guarantee the performance of the construction contracts by Contractor nor assume responsibility for Contractor failure to furnish and perform work in accordance with Contract Documents.

### **JOBSITE SAFETY**

Insofar as jobsite safety is concerned, we are responsible solely for our own and our employees' activities on the jobsite, but this shall not be construed to relieve you or any construction contractors from their responsibilities for maintaining a safe jobsite. Neither our professional activities nor the presence of our employees and subconsultants, shall be construed to imply we have any responsibility for methods of work performance supervision, sequencing of construction, or safety in, on, or about the jobsite. You agree that the general contractor is solely responsible for jobsite safety, and you warrant that this intent shall be made evident in your agreement with the general contractor. You also warrant we shall be made an additional insured under the general contractor's general liability insurance policy.

### **HAZARDOUS MATERIALS**

As used in this Agreement, the term "hazardous materials" shall mean any substances, including but not limited to asbestos, toxic or hazardous waste, PCBs, combustible gasses and materials, petroleum or radioactive materials (as each of these is defined in applicable federal statures) or any other substances under any conditions and in such quantities as would pose a substantial danger to persons or property exposed to such substances at or near the Project site.

You and we acknowledge that our scope of services does not include any services related to the presence of any hazardous or toxic materials. In the event that we or any other party encounter any hazardous materials, or should it become known to us that such materials may be present on or about the jobsite or any adjacent areas that may affect the performance of our services, we may, at our option and without liability for consequential or any other damages, suspend performance of our services under this Agreement until you retain appropriate consultants or contractors to identify and abate or remove the hazardous materials and warrant that the jobsite is in full compliance with laws and regulations regarding such materials.

**SUBJECT:** 

Broadway Resurfacing Laurel Street to Poplar Street, PW-09-21

Recommendation for Approval of Preliminary Engineering Services

#### RECOMMENDATION

I recommend that you request council approval of a preliminary engineering services agreement with Oates Associates for the above referenced project for an estimated not to exceed \$39,200.

#### DISCUSSION

The project consists of milling and overlaying Broadway with a new asphalt wearing surface from Laurel Street to Poplar Street. The extents coincide with the Broadway Streetscape project recently constructed. We did not receive funding for phase 2 of the Broadway Streetscape project. However, we will reapply when the funds become available again. Since it is not known if or when we can fund phase 2, we should proceed with resurfacing of phase 1. Construction is planned for early spring 2022.

The services include the preparing plans, specifications and estimates. Our resident engineer will oversee the project construction and management.

#### FISCAL IMPACT

This project will utilize Non Home Rule Sales Tax funds.

# AN ORDINANCE DECLARING PERSONAL PROPERTY OF THE CITY OF HIGHLAND, ILLINOIS, SURPLUS AND AUTHORIZING ITS SALE AND/OR DISPOSAL, INCLUDING STREET AND ALLEY DIVISION EQUIPMENT, AND OTHER PERSONAL PROPERTY

WHEREAS, the City of Highland, Madison County, Illinois (hereinafter "City"), is a non-home rule municipality duly established, existing and operating in accordance with the provisions of the Illinois Municipal Code (Section 5/1-1-1 et seq. of Chapter 65 of the Illinois Compiled Statutes); and

WHEREAS, 65 ILCS 5/11-76-4 provides that whenever a municipality in the state of Illinois owns any personal property which, in the opinion of a simple majority of the corporate authorities then holding office, is no longer necessary or useful to, or in the best interests of the municipality to keep, a majority of the corporate authorities at any regular or special meeting called for that purpose, may: (1) by Ordinance authorize the sale of such personal property in whatever manner they designate with or without advertising the sale; or (2) may authorize any municipal officer to convert that personal property to the use of the City; or (3) may authorize any municipal officer to convey or turn in any specified article of personal property as part payment on a new purchase of any similar article; and

**WHEREAS**, the City Street and Alley Division currently owns equipment which, in the opinion of this City Council, is no longer necessary or useful to or in the best interests of the City to retain, and should be declared surplus personal property, including:

| Dinzler Paint Machine -Paint Striper | VIN or Serial # 300101295  |
|--------------------------------------|----------------------------|
| SMCI Tar Kettle - STEPP              | VIN or Serial # SOJK16560  |
| Wheel Loader - CASE                  | VIN or Serial # JFF0058069 |

WHEREAS, City has determined the City Manager or his designee is permitted to sell the surplus personal property for the maximum value that can be obtained, or to dispose of the surplus personal property where appropriate, to be determined solely by the City Manager or his designee; and

**WHEREAS**, City has determined it to be in the best interest of public health, safety, general welfare and economic welfare to declare the aforementioned personal property surplus, and sell and/or dispose of the same.

### NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Highland, Illinois, as follows:

Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.

Section 2. That the City personal property, specifically:

| Dinzler Paint Machine -Paint Striper | VIN or Serial # 300101295  |
|--------------------------------------|----------------------------|
| SMCI Tar Kettle - STEPP              | VIN or Serial # SOJK16560  |
| Wheel Loader - CASE                  | VIN or Serial # JFF0058069 |

is hereby declared no longer useful to the City or necessary for City purposes, that the City personal property is declared surplus, and that it is in the best interest of the City to sell and/or dispose of the same.

- Section 3. That the City Manager or his designee is directed and authorized to sell and/or dispose of the surplus personal property as the City Manager or his designee sees fit.
- Section 4. That the City Manager is directed and authorized to sell the surplus personal property for the maximum value that can be obtained, or to dispose of the surplus personal property where appropriate, to be determined solely by the City Manager or his designee.

**FROM:** Joe Gillespie, Director of Public Works

**DATE:** September 30, 2021

**SUBJECT:** Declaring Surplus Property for the Street and Alley Division

Paint Striping Machine, Tar Kettle, Wheel Loader

Recommendation for Approval

#### RECOMMENDATION

I recommend that you request council approval to declare a paint striping machine, tar kettle, and Case Wheel Loader in the Street and Alley division as surplus property.

#### DISCUSSION

The division has a newer paint striping machine and does not use this older machine. The tar kettle is approximately 30 years old. The division has found it more cost effective to rent a kettle and not have the maintenance. The wheel loader is a 1999 Case 621B. The loader has become expensive to operate and the cab is nearly rusted through its mounts. We recently purchased a new loader that is shared with the Water Reclamation Facility. We intend to sell these items.

#### FISCAL IMPACT

Funds from the sales will go in to the division account.

#### AN ORDINANCE AUTHORIZING AND DIRECTING THE SALE OF CERTAIN SURPLUS PERSONAL PROPERTY OF THE CITY OF HIGHLAND, ILLINOIS (REFUSE DUMPSTERS)

WHEREAS, Section 11-76-4 of the Illinois Municipal Code (65 ILCS 5/11-76-4) provides that whenever a City owns any personal property which in the opinion of a simple majority of the corporate authorities then holding office is no longer necessary or useful to, or in the best interests of the City to keep, a majority of the corporate authorities at any regular or special meeting called for that purpose, may (1) by ordinance authorize the sale of such personal property in whatever manner they designate with or without advertising the sale, or (2) may authorize any municipal officer to convert that personal property to the use of the City, or (3) may authorize any municipal officer to convey or turn in any specified article of personal property as part payment on a new purchase of any similar article; and

WHEREAS, the City of Highland has certain personal property – namely, 1 yard dumpster (3), 2 yard dumpsters (3), 6 yard dumpsters (5), 8 yard dumpsters (6), and 4 yard dumpsters (5) and the City Council finds and determines that the personal property is no longer necessary or useful to the City and that it is not in the best interests of the City to retain the personal property;

NOW, THEREFORE, BE IT ORDAINED, by the City Council of the City of Highland, Illinois, as follows:

- Section 1. The foregoing recitals are incorporated herein as findings of the City Council of the City of Highland, Illinois.
- Section 2. 1 yard dumpsters (3), 2 yard dumpsters (3), 6 yard dumpsters (5), 8 yard dumpsters (6), and 4 yard dumpsters (5) are declared to be no longer useful to the City or necessary for City purposes.
- Section 3. It is in the best interests of the City to dispose of and to scrap the 1 yard dumpster (3), 2 yard dumpsters (3), 6 yard dumpsters (5), 8 yard dumpsters (6), and 4 yard dumpsters (5).

Section 4. The City Director of Finance is hereby authorized and directed to sell for scrap the 1 yard dumpster (3), 2 yard dumpsters (3), 6 yard dumpsters (5), 8 yard dumpsters (6), and 4 yard dumpsters (5) in whatever manner she shall designate, with or without advertising the sale.

Section 5. The City Director of Finance is hereby authorized and directed to execute any documents necessary to complete the sale for scrap of the 1 yard dumpster (3), 2 yard dumpsters (3), 6 yard dumpsters (5), 8 yard dumpsters (6), and 4 yard dumpsters (5) and to deposit the proceeds of the sale into the City treasury.

Section 6. This ordinance shall be in full force and effect from and after its passage, approval, and publication in pamphlet form as provided by law.

### Finance Department

MEMO TO: Christopher Conrad, City Manager FROM: Kelly Korte, Director of Finance

SUBJECT: Surplus Property Request DATE: September 24, 2021

The City's trash contractor has determined that there are more dumpsters that are no longer suitable and not cost effective to be repaired. I am requesting approval by the City Council to surplus a total of 22 additional dumpsters that have become unsuitable for use. These dumpsters have been in use since 2010. We will be obtaining quotes to replace some, if not all, of these dumpsters in the near future in order for commercial customers to be serviced by our trash contractor.
