FOIA COMPLIANCE DOCUMENT

City of Highland

Mission Statement

As public servants: Our mission is to serve the community for the good of the community.

Vision Statement

Our vision is to create the 'area's best community' whereby a safe, small town atmosphere is preserved and quality of life is sustained by a financially sound and efficient government for all the people.

About the Government

Highland's Municipal government is in the Council-Manager form. The Council-Manager form is the system of local government that combines the strong political leadership of elected officials in the form of the council, with the strong managerial experience of an appointed City Manager. Residents are welcome to attend and encouraged to take an active role in community affairs. City Council meetings are held on the first and third Mondays of each month; special meetings are scheduled as needed.
